**FCC Warning**  
This equipment complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. It is the user's responsibility to ensure that this equipment is properly installed and responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for Class B digital equipment pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates noise and can radiate radio frequency energy which may interfere with radio communications. Following the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If you are experiencing interference from this equipment to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:  
• Reorient or relocate the receiving antenna.  
• Increase the separation between the equipment and receiver.  
• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.  
• Consult the dealer or an experienced radio/TV technician for help.  
FCC exposure statement:  
For the equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device at a distance of 15 cm surrounding the device and 20 cm above the top surface of the device, the maximum SAR must be respected.  
Model ID: 2APF2C131

| 产品名称 | 车载无线充电器                  |
| 材 质  | ABS+PC，硅胶                |
| 尺 寸  | 90×62×27mm               |
| 重 量  | 56g                      |
| 输 入  | 5V/3A,9V/2.22A,12V/1.67A |
| 功 率  | 5W/7.5W/10W/15W          |
| 充电距离 | ≤10mm                    |
| 电力转换 | ≥68%                     |
| 工作频率 | 110~205KHz               |
| 适用机型 | 兼容Qi标准的手機                |

**CC Warning**  
This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. This device does not have a shielded enclosure that would make it responsible for compliance could void the user's authority to operate the equipment. This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules, which limits the radio frequency energy of this equipment to protect against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy which may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**CC RF exposure statements:**  
This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.
