

2.4G Wireless Keypad B038 User Manual

Notice:Please read user manual carefully before you start using this product.

Technical Specifications

- Keypad size: 129.9 X84.2X14mm
- Weight: 93g
- Key: 22 keys
- Working voltage : 1.5V
- Working current use key: <4mA
- Working distance :8 m
- Sleep current : 0.028 mA
- Sleep time :8 minutes
- Standby current: 1.27mA (Light on)
- Awake way : Press key

LED light display status:

- keypad indicator light: NUM indicator light color(Green), Power indicator light color(Red)
- Low voltage status: when the working voltage below 0.9V, the red indicator light blink.

Any question, please contact the after-service team.

Remark:Please according to the battery plus and minus to install batteries,please don't charging the batteries,please don't thrown in the fire,please don't mixture different types batteries or old and new batteries,in order to avoid battery leakage. Please put the battery in a cool and dry place and keep away from children;please take out the battery if the electrical appliance long time out of use.

The keypad red light always twinkle when in use,indicates low power of battery,please change new battery quickly.
- 3,The device display the 2,4G Keypad is disconnecting?
The 2,4G wireless keyboard after some time later not used, the tabler PC will go dormant mode to save battery power,Press any key to awake the device.

• Connection Instructions:

- 1.Open the battery compartment cover, you will see the battery compartment and usb receiver

- 2.Install 2*AAA battery and battery compartment cover correctly.

- 3,Place 2,4G Nano receiver into USB port of your computer

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
– Reorient or relocate the receiving antenna.
– Increase the separation between the equipment and receiver.
– Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
– Consult the dealer or an experienced radio/TV technician for help.
This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1)this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CE Statement

Herby, Shenzhen DZH Industrial Co., Ltd declares that this 2.4G Wireless Keypad , B038 is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. In accordance with Article 10(2) and Article 10(10), this product allowed to be used in all EU member states.
Use the 2.4G Wireless Keypad in the environment with the temperature between -20 ℃ and 25 ℃.

Operation Frequency:
2402MHz ~ 2479MHz

Manufacturer: Shenzhen DZH Industrial Co., Ltd
Address: 3th Floor, YITuo Mike Industrial A building, Bu Yong Industrial D zone, Shajing, Shenzhen, China
