

Professional Installation Statement

Date: 12/17/2025

Company: M2COMM

Address: 17F-3, No. 32, Gaotie 2nd Rd., Zhubei City, Hsinchu County 302, Taiwan

FCC ID: 2AFXU-EXT01

Product Name: Extender

This device is intended for PROFESSIONAL INSTALLATION ONLY.

The device must be installed by trained professional installers,
and is not intended for use by the general public.

The professional installer is responsible for ensuring that the device
is installed in compliance with FCC regulations, including but not limited to:

1. Selecting and installing the antenna type(s) specified by the manufacturer.
2. Ensuring that the antenna gain does not exceed the maximum value specified.
3. Configuring the device output power so that the maximum allowed EIRP is not exceeded under any operating condition.
4. Ensuring proper installation location and RF exposure compliance.

The end user is not provided with any instructions or controls to modify
the RF parameters, including transmit power, antenna type, or frequency settings.

The following antenna(s) are approved for use with this device:

- Antenna Type: External Dipole antenna
- Maximum Antenna Gain: 0.52 dBi
- Connector Type (if applicable): SMA

The maximum EIRP of this device is limited by firmware and cannot be
adjusted by the end user.

We hereby declare that the above statements are true and correct.

Sincerely,

applicant's name/ title: Brett Chen/ Assistant Manager
