

Mi Wireless Charger
Quick start guide

LED indicator

- Starting charge: 3 flashes
- Standby: Off
- Charging: Solid light
- Protection mode: Continuous flash
- Error: Continuous flash

USB Type-C port

How to use the Mi Wireless Charger

- Connect **Mi Wireless Charger** to a power adapter. Place a mobile device with Qi standard charging on **Mi Wireless Charger**.
- Remove the mobile device from **Mi Wireless Charger** once it is fully charged.
- - Use only Mi authorized power adapters (5V/2A, 9V/2A).
- - Do not place any foreign objects between the mobile device and **Mi Wireless Charger**, such as metal objects, magnets, cards with magnetic stripes, etc. These may prevent the mobile device from charging or cause damage due to overheating.
- - Mi authorized power adapters sold separately.
- - Ensure the power adapter is securely connected to the USB Type-C port during charging.
- - Not all mobile devices will be properly charged, based on the location of the charging coil.
- - **Mi Wireless Charger** may not function properly for mobile devices with thick protective cases. Remove thick cases before charging your mobile device with **Mi Wireless Charger**.
- - **Mi Wireless Charger** may not work properly if the mobile device has wired audio devices connected.
- Fast wireless charging
Place a mobile device with Qi standard charging on **Mi Wireless Charger**.
Use only Mi authorized power adapters that support fast charging (MDY-08-EI/MDY-08-EJ/MDY-08-EY series 18W QC3.0 chargers).

Mi Wireless Charger is Wireless Power Consortium (WPC) Qi certified and is compatible with WPC certified devices. However, please be advised that non-Xiaomi smartphones may get lower charging efficiency compared to Xiaomi smartphones.
