

Safety precautions

- Follow relevant laws and regulations. Do not use your phone in the following environments.
 - Do not use your phone in a potentially explosive environments including fueling areas, below decks on boats, fuel or chemical transfer or storage facilities, areas where the air contains chemicals or particles, such as grain, dust, or metal powders. Obey all posted signs to turn off wireless devices such as your phone or other radio equipment.
 - Do not use your phone in the hospital operating rooms, emergency rooms, or intensive care units. Please consult your doctor and the device manufacturer to determine if operation of your phone may interfere with the operation of your medical device. To avoid potential interference with the pacemaker, keep a minimum separation of 15 cm be maintained between the mobile phone and the pacemaker . To achieve this use the phone on the opposite ear to your pacemaker and do not carry it in a breast pocket. Do not use your phone near hearing aids, cochlear implants, etc to avoid interference with medical equipment.
 - Respect aircraft safety regulations and turn off your phone on board the aircraft when required.
 - When driving a vehicle, use your phone in accordance with the relevant traffic laws and regulations.
 - To avoid lightning strike, do not use your phone outdoors during thunderstorms.
 - Do not use your phone to make calls while it is charging.
 - Do not use your phones in places with high humidity such as bathrooms. Doing so may result in electric shock, injury, fire, and charger damage.
 - Observe any rules which restrict using mobile phones in specific cases and environments.

Legal Information

This device may be operated in all member states of the EU. Observe national and local regulations where the device is used. This device is restricted to indoor use only when operating in 5150 to 5350MHz frequency range in following countries :

AT	BE	BG	HR	CY	CZ	DK
EE	FI	FR	DE	EL	HU	IE
IT	LV	LT	LU	MT	NL	PL
PT	RO	SK	SI	ES	SE	UK

Body-worn SAR testing has been carried out at a separation distance of 5 mm. To meet RF exposure guidelines during body-worn operation, the device should be positioned at least this distance away from the body. If you are using an approved accessory ensure that whatever products used is free of any metal and that it positions the phone with the indicated distance away from the body. Receiver Category 2

Important Safety Information

SAR 10g limit: 2.0W/Kg. SAR Value: Head: 0.537 W/Kg. Body: 1.582 W/Kg (5mm distance).
SAR 1g limit: 1.0W/Kg. SAR Value: Head: 0.66 W/Kg. Body-worn: 1.8 W/Kg (10mm distance).
Hotspot: 1.15 W/Kg (10mm distance).

Temperature: 0 °C - 40 °C

Install the adapter near the device in an easily accessible position.
Model: MI805010A
1805 indicates the date of putting the product on the market is 201805

RF Exposure Information (SAR)

This device meets the government's requirements for exposure to radio waves. This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy. The exposure standard for wireless device employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC is 1.6W/Kg. For body worn operation, this device has been tested and meets the FCC RF exposure guidelines for use with an accessory that contains no metal and be positioned a minimum of 1.0 cm from the body. Use of other accessories may not ensure compliance with FCC RF exposure guidelines. If you do not use a body-worn accessory and are not holding the device at the ear, position the handset a minimum of 1.0cm from your body when the device is switched on.

FCC Note

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

E-label

This device has an electronic label for certification information. To access it, please select Settings>About Phone>Verification or select Setting then type "Verification" into the search bar.

Security notice

Update your phone's operating system using the built-in software update feature, or visit our authorized service outlets. Updating software through other means may damage the device or result in data loss, security issues, and other risks.

EU Regulations

Update your phone's operating system using the built-in software update feature, or visit our authorized service outlets. Updating software through other means may damage the device or result in data loss, security issues, and other risks.

RED Declaration of Conformity

We, Xiaomi Communications Co., Ltd.

Hereby, Xiaomi Communications Co., Ltd. declares that this GSM/GPRS/EDGE/UMTS/LTE Digital Mobile Phone with Bluetooth and WiFi MI805010A is in compliance with the essential requirements and other relevant provisions of the RE Directive 2014/53/EU. The full text of the EU declaration of conformity could be consulted at www.mi.com/en/certification

FCC Regulations

This mobile phone complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
