

CQL1547-B Bluetooth Receiver

Instruction Manual (Read before proceeding)

Power:

- Works on internal rechargeable Lithium battery. Please charge your Bluetooth receiver fully before first use.

To charge the battery :

Using a Mini USB cable (included), insert the jack into "Charging" jack located on the side of the unit and then plug the USB connector into the USB port on a computer for charging.

- A red light will indicate the charging situation. When the battery is full, the red light will turn off automatically.

Bluetooth Receiver Operation

- Works on speaker with 3.5MM jack. Turn on the speaker and insert the 3.5MM jack into both the Bluetooth receiver and the speaker.
- Turn on the Bluetooth receiver by pushing the switch "ON OFF" on the side to "ON" position. The blue and the red light will start blinking alternatively and a tone from the speaker will be heard to indicate the Bluetooth receiver is in pairing mode and searching for your Bluetooth mobile device.
- Open the Bluetooth function on your device and search the Bluetooth receiver named "XXXX". After selecting this pair name, your device will pair without a password. (If required, enter the password "0000" to finalize the pairing). The red light will turn off and the blue light will begin to flash slowly after pair is complete.
- Start playing music on your device. Keep your device within 33 feet (10 meters) of your Bluetooth receiver.
- Adjust the volume of your device to a comfortable level.
- Turn off the unit when not in use.

Caution:

- This is not a toy. Please keep away from small children.
- Please keep away from water / heat.
- Low power may cause poor connection even no working of Bluetooth.
- Do not overcharge the battery.
- Battery pack shall not be exposed to excessive heat such as sunshine, fire or the like

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation
