

POINTER

FCC C2PC Declaration

Date: March, 3 2019

RE: FCC ID: 2AG69CTLL

1. The E.U.T. was originally FCC certified on 07/02/2018 under FCC ID: 2AG69CTLL.
2. The E.U.T contains 2 transceivers: a BLE, as certified above, and a 4G cellular approved module LTE/WCDMA module, manufactured by Gemalto M2M GmbH, model Cinterion ELS61-US, FCC ID: QIPELS61-US.
3. Pointer Telocation has replaced the above Gemalto 4G cellular module with the following LTE/WCDMA module, also manufactured by Gemalto M2M GmbH, model Cinterion ELS61-USA, FCC ID: QIPELS61-USA.
4. Based on the above change, Pointer Telocation requests a C2PC.

Thank you,

Igor Rogov, VP R&D,
Pointer Telocation
