**IC: 21053-DISCO**

Gentlemen,  
The North American version (FCC and IC) of the User Manual for the Parrot Disco will include the following statements:

**FCC**

(§15.21 Information to the User)

*"Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment"*

(§15.19 Labelling Requirements)

*"This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation"*

The FCC statement §15.19 Labelling Requirements is not placed in the label of the equipment due to small size of the device. The required text is already included in the user guide.

**Industry Canada**

*"This Class B digital apparatus complies with Canadian ICES-003"*

*"Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada"*

*« Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. »*

If you have any questions, please feel free to contact me at the shown address.

Thank you for your attention to this matter.
