

Balance Keyboard BK Wireless

www.contourdesign.com

What's In The Box

1. Balance Keyboard
2. Dongle, USB extender cable*
3. Two AAA batteries

*Please find accessories in #2 attached together in the box.

Functions

- A. Media control
- B. Application functions
- C. Interface functions
- D. Fn key*
- E. Risers
- F. Battery compartment and dongle storage
- G. Power button**

*The Fn key toggles between function (F1-F12) and media modes. By default, the media keys are active.

**Removing the tab from the battery compartment will power on the device for the first time. Turning off the device is only necessary for long-term storage or travel.

1

Getting Started

To use your Balance Keyboard, pull the tab from the battery compartment. Removing the tab from the battery compartment will power on the device for the first time.

Your dongle and USB extender cable come attached in the box. Remove the dongle from the extender cable and plug the dongle into your computer's USB port.

*To maximize wireless range, we recommend using the extender cable provided. To do this, keep the dongle and cable attached, then plug the extender cable into your computer's USB port.

Keyboard Tilt

The adjustable legs on the Balance Keyboard have three tilt options (positive, neutral, and negative).

Positive

Neutral

Negative

PC Mode and Mac Mode

By default, the Balance Keyboard is in PC mode. To switch between Mac and PC mode, press and hold the Start/Option key, then press the power button (located on the underside of the keyboard). The LED lights on the Balance Keyboard will flash in succession to indicate that the mode has been switched.

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC: " before the certification/registration number only signifies that the Industry Canada technical specifications were met. This product meets the applicable Industry Canada technical specifications.

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radio électrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

2-year Warranty

All Contour Design products come with a 2-year Warranty.
