

Thank you for choosing our product!
We sincerely hope that WizarPOS will enable smart payments and enhance the convenience of your daily business.

Before powering up the device, please check the terminal and accessories as follows:

- 1 Q3 UPT
- 2 RJ45 to USB-A cable
- 3 MDB cable

Please contact your product provider if anything is missing.

- 1 4.4 inch Touch Screen
- 2 IC Card Reader

- 1 Speaker
- 2 Microphone

Q3 UPT User Manual

www.wizarpos.com

- 1 External 4G Antenna
- 2 Reset Key
- 3 Service Key
- 4 USB-C (Slave)
- 5 USB-A (Host)
- 6 Digital IO
- 7 Ethernet
- 8 MDB Slave
- 9 RS232/RS485
- 10 SIM Card Slot

- 1 Install Q3 UPT without NAMA Plate Screw(PM3X10)X 4
- 2 Install Q3 UPT with NAMA Plate Screw(PM3X15)X 4

Thank you for using the product of WizarPOS !

Intelligent + Security

Certification in progress ...

- 1

Power on/off

a) Power on: Connect the power supply; the terminal will power on automatically.

b) Power off: Disconnect the power supply; the terminal will power off automatically.
- 2

Access network

After powering on the terminal, please connect to Wi-Fi or 4G to access network services.

WLAN Setting:

a) Swipe down from the top of the screen to access the notification panel.

Click the Wi-Fi button to turn on or off the internet. Hold on the button to get into the Wi-Fi setting.

b) You can also click Settings and choose WLAN to get into Wi-Fi settings.

Activate the Wi-Fi function, select the network that has been automatically detected, and enter the password. You can also tap on 'Add Network', input the network name, and then enter the password to connect to a Wi-Fi network.

Swipe up from the screen to access the 3-button navigation.

Click the circle to return to the home page. You can repeat this process multiple times for any additional networks available, including 4G and Mobile Phone Hot Spots.
- 3

Settings all done

Once you have completed the above settings, please contact your service provider for assistance with application downloads and technical support.
- 4

Terminal self-diagnostic

To verify the functionality of the equipment, utilize the terminal's self-check capabilities. Click Settings > Self-check and choose the functionality or parts that you want to test.

5 Card Transactions

Contactless Transactions: Tap a contactless enabled card or smartphone to the top end of the terminal at the area marked by the contactless symbol, to engage the contactless sensor.

Chip Card Transactions: Insert the card with the chip facing up (down) fully into the chip card slot, and remove it after the reading is completed.

Trouble	Trouble shooting
Cannot connect the mobile network	◆ Check whether the function of "data" is open. ◆ Check whether the APN is correct. ◆ Check whether the data service of SIM is activated.
Display unstable	◆ The display may be interfered by instability voltage when charging, please reconnect the plug.
No response	◆ Restart the APP or operation system.
Operation very slow	◆ Please exit APPs which are not necessary.

- 6 FCC Statements
- This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help.
- Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.
- This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:
- This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

- 7 Specific Absorption Rate (SAR) information:
- This device meets the government's requirements for exposure to radio waves. The guidelines are based on standards that were developed by independent scientific organizations through periodic and thorough evaluation of scientific studies. The standards include a substantial safety margin designed to assure the safety of all persons regardless of age or health. FCC RF Exposure Information and Statement the SAR limit of USA (FCC) is 1.6 W/kg averaged over one gram of tissue. Device types: This device has also been tested against this SAR limit. This device was tested for typical body-worn operations with the back of the This device kept 0mm from the body. To maintain compliance with FCC RF exposure requirements, use accessories that maintain an 0mm separation distance between the user's body and the back of the This device. The use of belt clips, holsters and similar accessories should not contain metallic components in its assembly. The use of accessories that do not satisfy these requirements may not comply with FCC RF exposure requirements, and should be avoided.
- 8 Environment
- Operating temperature

-20°C~60°C (-4°F to 140°F)

- 9 Safety Warning
1. WizarPOS provides after-sales service in accordance with applicable laws and regulations. Please review the warranty terms outlined below.

2. Warranty Period: The terminal and charger are covered by a one-year warranty. During this period, if the product experiences a failure not caused by user negligence, WizarPOS will offer free repair or replacement services. For assistance, it is recommended to first contact your local distributor, and provide a completed warranty card with accurate information.

3. The warranty does not cover the following situations: unauthorized maintenance of the terminal, modifications to the terminal's operating system, installation of third-party applications causing malfunction, damage due to improper use (such as dropping, crushing, impact, immersion, fire, etc.), missing or inaccurate warranty information, expired warranty period, or any other activities that violate legal regulations.

4. Follow installation instructions carefully and use only the specified power adapter. Replacing it with other adapters is prohibited. Ensure that the power socket meets the required voltage specifications. It is recommended to use a socket with a fuse and ensure proper grounding.

5. To clean the terminal, use a soft, lint-free cloth—avoid using chemicals and sharp objects.

6. Keep the terminal away from liquids to prevent short circuits or damage caused by splashes, and avoid inserting foreign objects into any ports. The terminal should not be exposed to direct sunlight, high temperatures, smoke, dust, or humidity.

7. If the terminal malfunctions, contact certified POS maintenance professionals for repair. Unauthorized personnel should not attempt repairs.

8. Do not modify the terminal without authorization. Modifying a financial terminal is illegal. Users assume the risks associated with installing third-party applications, which may cause the system to operate at reduced speeds.

9. In case of abnormal odors, overheating, or smoke, immediately disconnect the power supply.
10. The disposal of equipment and accessories must comply with local regulations. These items cannot be discarded as household waste. Improper disposal of devices may lead to hazardous situations such as explosions.

Specification	Detailed Description
Software Platform	Secure Android 14
Memory	2GB RAM + 32GB Flash, 4GB RAM + 32GB Flash (Optional)
Display	4" TFT 480 x 480, IPS, covered with Gorilla Glass™m 3
Scanner	1D & 2D barcode scanning
Certification	PCI PTS 6.X, SRED, RoHS, FCC, CE, TQM EMV L1 & L2, EMV CL L1, TQM, PayPass, PayWave, ExpressPay, D-PAS, Interac Flash L2, Rupay, Jspeedy
Connectivity	WiFi 2.4/5GHz, BT 5.0, GSM, 3G, 4G LTE, eSIM supported, MDB Slave x1, RS232 x1, Digital I/O port x1, Ethernet x1, USB Type-C (Slave) x1, USB Type-A (Host) x1, SMA (Optional) x1, SIM Slot x2, TF Slot x1, GPS, GLONASS
Card Readers	NFC contactless, ISO 14443 Type A & B, MIFARE, Sony Felica Chip card reader, ISO 7816
Keys / Buttons	Reset Key x1, Service Key x1
Power	7V - 48V DC via MDB slave
Enclosure	IP 65 dust /waterproof rating IK 10 vandal-proofing -20°C to +60°C operating temp
Accessories	Mounting plate supported EVA EPS / NAMA standard DEX Cable (Optional)
Dimension	119.3x 102 x 48.23 mm (4.69 x 4.01 x 1.9 inches)
Weight	400 g (0.88 lb)
