(2) Mounting Kit	
(3) User Manual	

BEFORE YOU START

IMPORTANT SAFETY PRECAUTIONS

- Do not operate mobile equipment while driving a motorized vehicle. Safe driving and safety consideration of others should always be your highest priority.
- In the event you should notice smoke, strange noises or odor from this product, or any other abnormal signs, immediately turn off the power. Using this product in this condition may result in permanent damage to the system.
- Set your volume control at a low setting, then slowly increase the sound until you can hear it comfortably without distortion or ear discomfort.

BE SURE TO OBSERVE THE FOLLOWING GUIDELINES:

- Do not turn up the volume too loud that you can't hear what's around you.
- Use caution or temporarily discontinue use in potentially hazardous situations.

INSTALLATION PRECAUTIONS

- Servicing of this product by persons without professional training and experience in electronic equipment and motorized vehicle accessories may be dangerous and could expose you to the risk of electric shock, injury or other hazards.
- Contact customer service for any installation, service questions or requests.
- The **SOUND BAR** has a weather resistant design. It should not be submerged in or under water under any circumstances.
- Use only the installation parts provided with the **SOUND BAR**.
- Wash with a mild soap or detergent and lukewarm water using a clean sponge or a soft cloth. Rinse well with clean water.

VERY IMPORTANT

- DON'T clean in hot sun or on very hot days. don't be in damp or wet conditions.
- DON'T use abrasive or highly alkaline cleaners on the main body.
- DON'T scrape the main body with razor blades, or other sharp instruments.
- DON'T ever use, gasoline, acetone or carbon tetrachloride.

CAUTION: Using other mounting methods may void this warranty.

GETTING TO KNOW YOUR ATV/UTV SOUND BAR

EH2003

- 1 AUX-IN
- 2 Segment LED display
- 3 Power cord interface
- 4 Control Panel

SPECIFICATIONS

Model	EH2003

TROUBLE SHOOTING

TROUBLE	CAUSE	SOLUTION
Device will not turn on	The fuse is blown	Check / replace the fuse
	Vehicle didn't start Main acc switch not engaged	Starting the vehicle/ Turn switch to on position
	Operating voltage not applicable	The soundbar operates on 12V DC. The soundbar does not work properly when the voltage is below 8V DC or above 18V DC.
No sound is heard	Incorrect operating voltage	Check the operating voltage, DC 12V
	Soundbar volume is low muted	Turn up the volume on your device
	The volume of the device inputting music to the Soundbar is too low muted.	Turn up the volume of the input device
	BT/AUX are not connected properly	Check if the soundbar control panel is successfully connected to the device (BT, AUX IN)
Cannot pair BT	The BT function of the device is not enabled	Refer to the user manual of the device for how to enable the BT function
Device not responding	Power failure or interference	Press power and vol+ button simultaneously to force shutdown

FREQUENTLY ASKED QUESTIONS

Q1: Will this sound bar fit my vehicle?

Mounting with Universal Brackets, fits any offroad vehicle with a 1" ~ 2" roll cage, including UTV, ATV, golf cart, Marine, Boat, Polaris RZR, Ranger, Can-Am, Defender, Maverick, etc.

Q2: Is it plugged in? Or run off a charge?

This soundbar is NOT rechargeable. It needs to be hardwired straight to the battery via the 12V DC converter (included in the package).

Q3: Can I turn the led lights off while listening to music?

Yes, RGB light can be turned off at any time by remote control, press "  " button to turn off the light.

FCC Warning Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device contains licence-exempt transmitter(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s).

Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Warm Tips

Regarding voltage compatibility, we provide solutions for vehicles that do not use a 12V DC power supply to ensure you can use the product effectively. For further details, please consult our official customer service team.

After-Sales Service and Warranty

We provide a warranty from the date of purchase. We will repair or replace any defective products free of charge. For any questions or assistance, you can contact our customer service team via below methods for help:

Email: support@ehaho.com

Website: <https://www.ehaho.com>

How to Make a Warranty Claim

Contact Us: Reach out to our customer service team at support@ehaho.com.

Provide Information: Be prepared to provide proof of purchase and a detailed description of the issue including relevant pictures or videos.

Our team will respond to your issues within 24 hours on weekdays. Please check your email, including the spam folder, for our replies. Note that response times may be delayed during weekends or holidays.

Terms and Conditions

This warranty is non-transferable and applies only to the original purchaser.

Thank you for choosing Ehaho. We appreciate your business and are here to support you with any questions or concerns.
