Solder Board-Component View 1

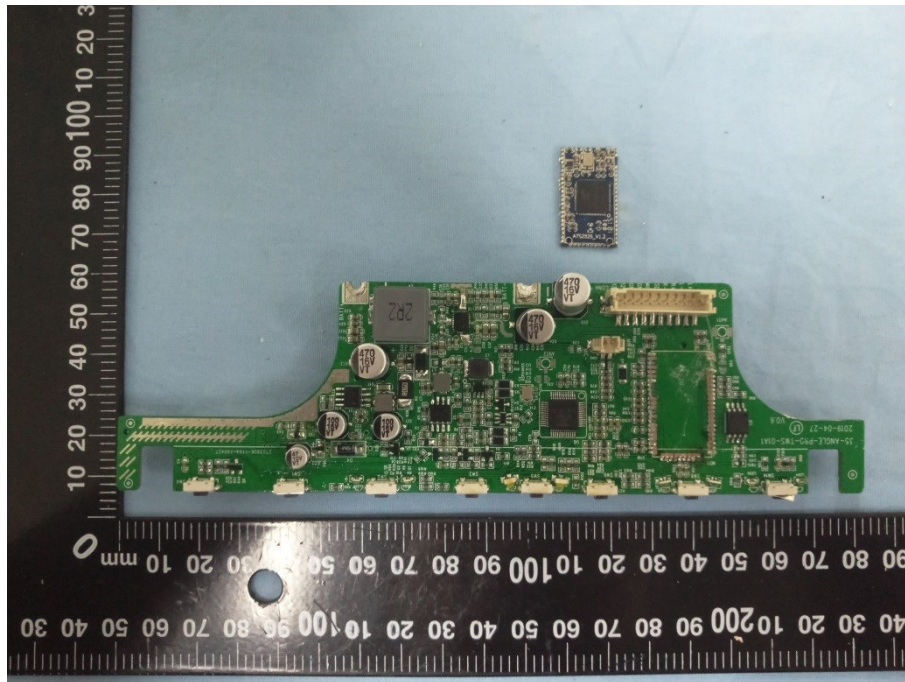

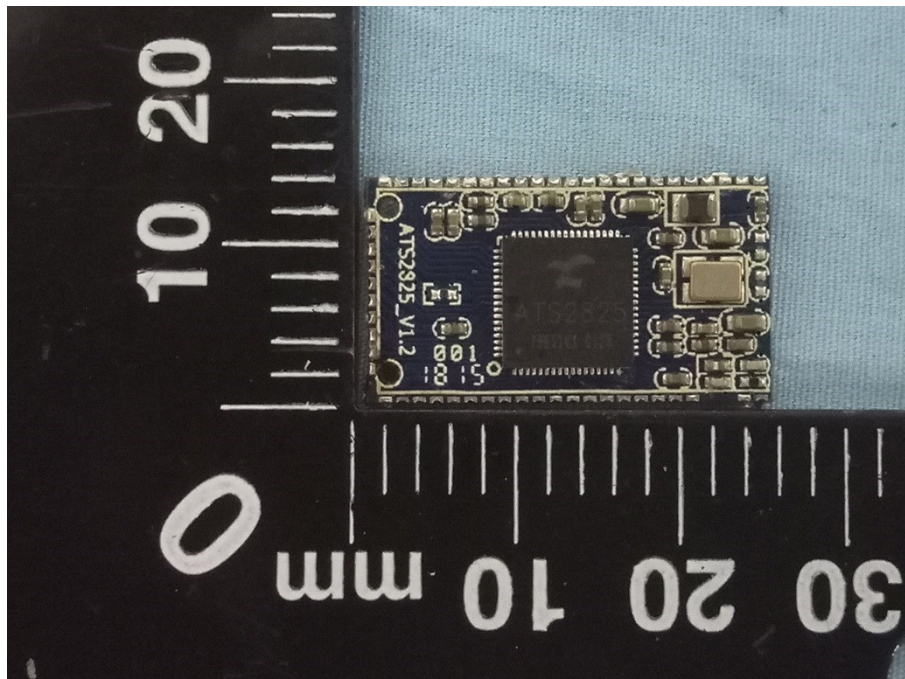

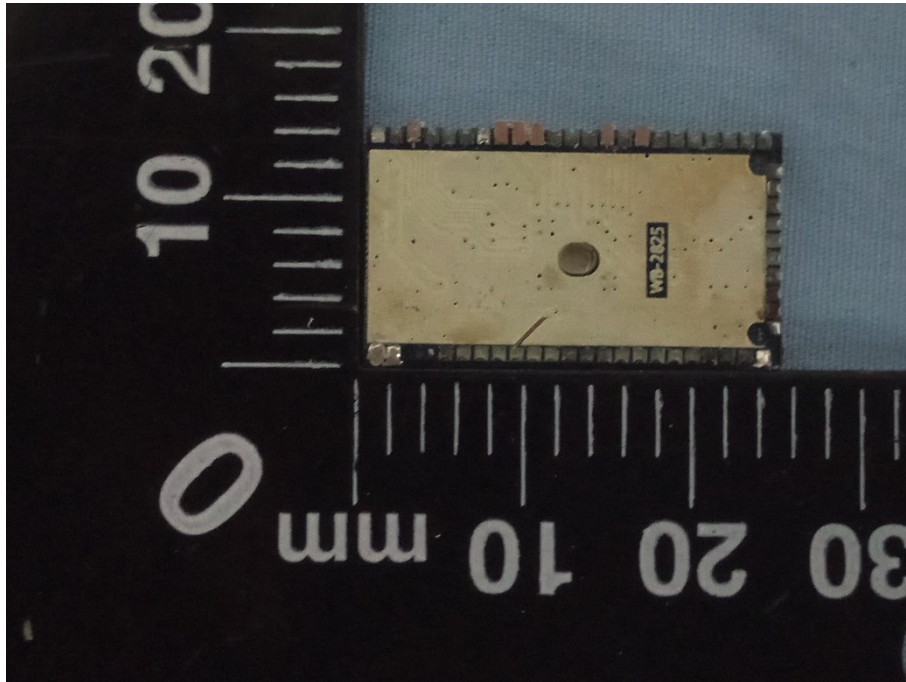

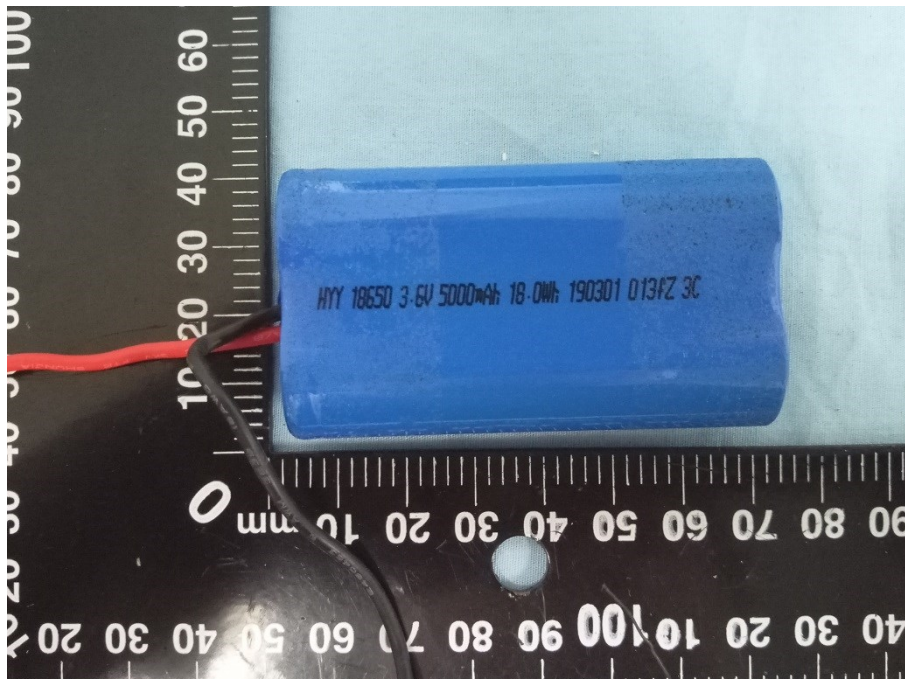

Solder Board-Component View 2

The image shows a green printed circuit board (PCB) with various electronic components. On the left, there is a USB Type-C connector. Next to it is a USB-A connector. To the right of the USB-A connector is a black component, possibly a microcontroller or a sensor. The PCB is populated with several surface-mount components, including resistors, capacitors, and integrated circuits. A ruler is placed below the PCB, showing measurements in millimeters and centimeters. The ruler indicates that the PCB is approximately 100 mm long. The PCB has several labels, including "CON201", "35-Angle Pro TWS-02A1", and "2019-02-15 V0.4".
