Attention

- Please do not place this earphone in a damp, dusty, greasy or vapor area, or in direct sunlight
- Listening to it at high volume may affect your hearing
- Do not use headphones in areas where the inability to hear ambient sound can cause danger, such as railway intersections, train station platforms, pedestrian crossings, and construction sites
- Do not place heavy objects or apply pressure on this earphone, as it may deform during long-term storage
- Do not subject this earphone to excessive impact
- If you feel unwell after using the BLUETOOTH device, please immediately stop using the BLUETOOTH device
- Long term storage or use may damage the ear pads
- If you have any questions or concerns about this earphone that are not covered in this manual, please contact customer service
- Do not place the device in an environment with a temperature below 0°C or above 45°C
- Do not use this device in thunderstorm weather
- Thunderstorms can cause abnormal operation of the device and increase the risk of electric shock
- Please do not use oil or other volatile chemical liquids to wipe the surface of this product, but alcohol can be used for daily cleaning and maintenance of the product

RF Exposure Statement

This equipment complies with the FCC radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Limited Warranty

This Pioneer branded "Product", marketed as new, in the original carton to the original purchaser ("Product"), is warranted by JSP, LLC against manufacturing defects in materials and workmanship for a limited warranty period of one (1) Year for labor and one (1) year for parts. This Limited Warranty is conditioned upon proper use of the Product by you, the purchaser.

This limited Warranty does not apply to store-display products and products sold as a "marked down", "Special" in "as is" condition, "close outs" liquidation and clearance sales, open box", products missing accessories, or not fault found.
