CAUTION

Lithium-ion Battery

Lithium-ion batteries, if used improperly, can be dangerous to users. Exercise caution when handling them, especially in adverse environments.

WARNING

This symbol on the product or its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste for recycling, please contact your local authority, or where you purchased your product.

Compliance Statement for onn Wireless Gaming Headset

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Important: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

Let's Get Started!

1.First Time Set-up

Insert USB Receiver

Charge your headset

Step 1:
Plug the USB Dongle Receiver into PC's USB-A Port.
The Dongle LED light will Flash Red and Blue when it plugged in,
After Successful Connection, the dongle LED will turns blue,
Hear"USB connected" from Headset.

Step 2:
Power ON/OFF
Press & Hold the Power button 3 sec, LED light turns blue,
Hear"Power On"from Headset.

Make sure your headset is in USB MODE to use the USB-Receiver as the audio source

The headset defaults to USB Mode every time it is powered on.

2.Connect Headset to the PC

If the headset doesn't automatically connect to your computer and play sound, please manually set the audio source.

1. Go to PC Settings, then select System

2. When the USB Dongle Receiver Plugged into the Device, go to PC Setting > Sound > Volume Mixer.

System > Sound > Volume mixer

3. Select both the Output Device and Input Device as "onn Gaming Headset."

3. Connect Headset to the PlayStation

Insert USB Receiver

Charge your headset

When the USB Dongle Receiver Plugged into the PlayStation Device,

Go to PlayStation Settings > Device > Select Audio Devices.

Select both the Output Device and Input Device as "onn Gaming Headset."

Set Output to Headset to ALL Audio

Set Volume Control (Headset) level to maximum

Adjust your microphone levels by going to Settings >Sound > Microphone > Adjust Mic Level >Microphone Level

4.Bluetooth Set-up

Mobile Device setup for headset

Step 1:
Switch to Bluetooth Mode
Press and hold the Mode Button for 3 seconds to Bluetooth Mode.
The LED will alternatively flash blue and red.

Step 2:
Open Bluetooth setting on your device and select "onn Gaming Headset " to get it connected.

After successful connection, you will hear "Bluetooth Connected"from headset

The same operation can be applied to connect with Bluetooth-enabled devices such as PC/Mobile/Console

3 Press the ON/OFF button to enter Bluetooth pairing mode.

Operation

1.Microphone Mute

1. Microphone Up (Muted Mode):
Microphone Status: Muted.
