To Whom It May Concern:

For FCC ID:2AGB8-002, has two model FX799T-L and FX796T-L, the 2 models has same RF part, the only difference is that the FX799T-L has horizontal direction SMA antenna connector and FX796T-L has vertical direction SMA antenna connector. And the different SMA connector direction leads to the different LED array. No other changes except mentioned above.

Thank you for your attention to this matter.

Yours Sincerely,

Signatory
