Dear Sir/Madam,

RE: Modular Approval Request for Model:

FCC ID: 2AGBW9290019684X

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	Yes, the radio portion of the module is contained in its own RF shielding. See external photos in Exhibits.	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Yes, module uses buffered modulation/data inputs.	
(c) The module must contain power supply regulation on the module	Yes, module contains power supply regulation.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	Yes, the transmitter is used with the tested integral antenna.	

Philips Lighting(China) Investment Co.,Ltd.

(e) The module must demonstrate compliance in a stand-alone configuration	Yes, the module was tested in a stand-alone configuration. See test photo Exhibit.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	Yes, the module will be labelled with its own FCC ID number. See related exhibit. If the module is installed inside of an end-product, the label will not be Visible. In this case the OEM customer will be instructed to how to apply the exterior label.	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	Yes, the module is compliance with all applicable FCC rules. Detail instructions are given in the User's Manual.	
(h) The module must comply with RF exposure requirements	Yes, see RF exposure exhibit.	

* Please provide a detailed explanation if the answer is "No."

Kind Regards

Name : Yefeng Zhang
