

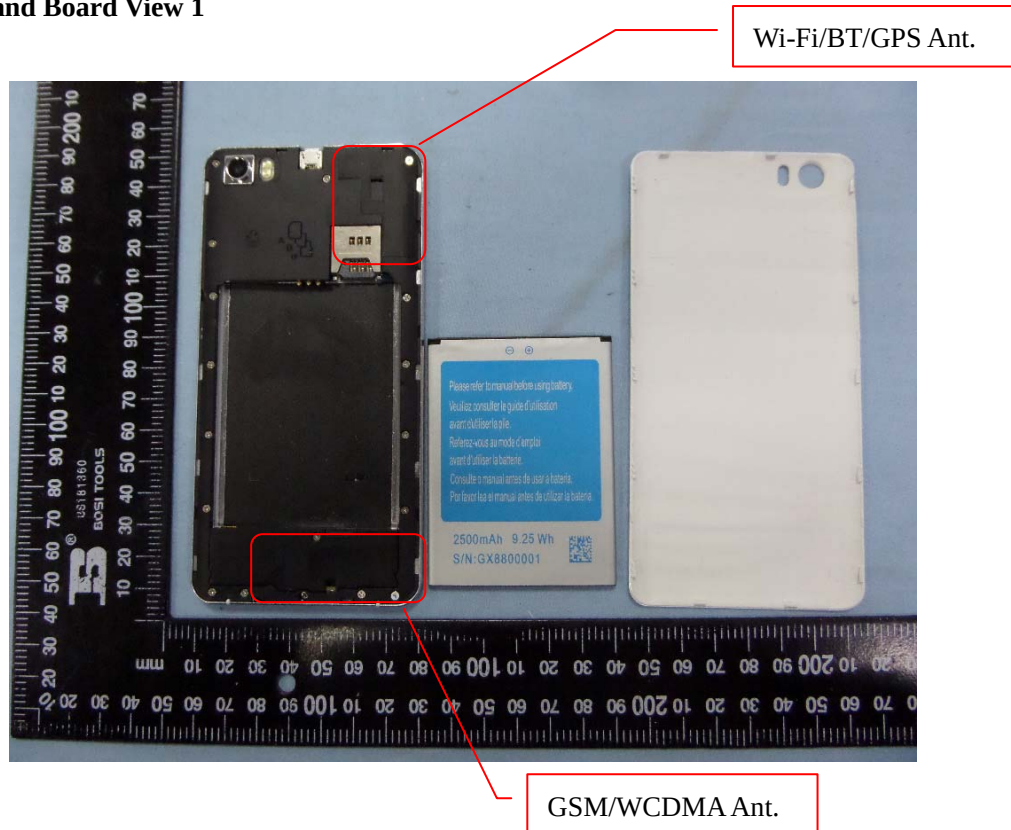

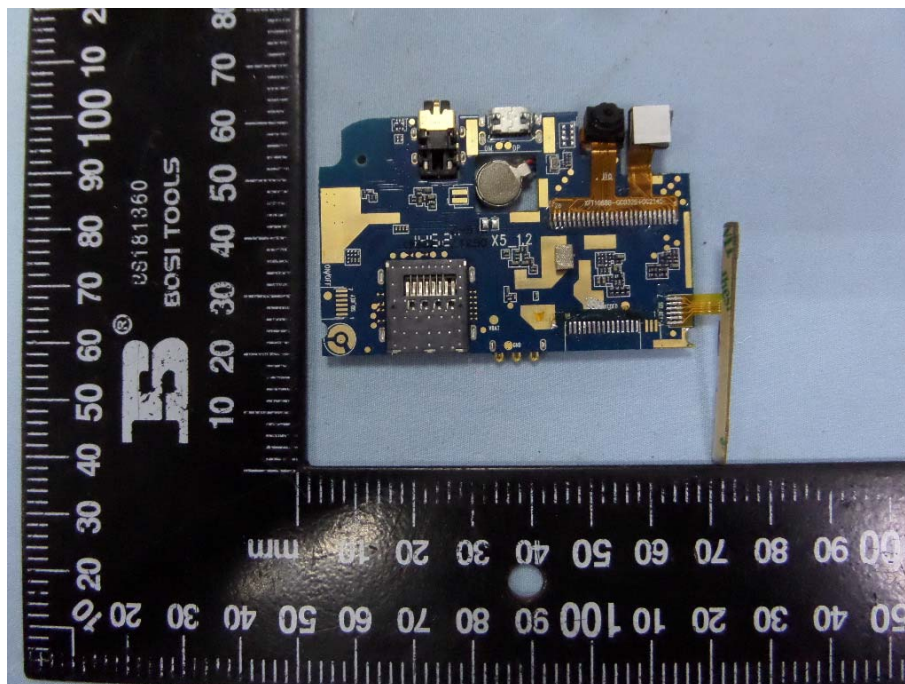

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

EUT Housing and Board View 1

EUT Housing and Board View 3

A photograph of a disassembled mobile phone. The internal components, including the motherboard, battery, and camera, are laid out on a light blue surface. A ruler is placed horizontally at the bottom of the image for scale. The components are arranged in a way that shows the internal layout of the phone. The motherboard is a green circuit board with various components, including a large black battery, a camera lens, and various connectors. The battery is a large, rectangular, black component. The camera is a small, circular lens. The ruler is marked in centimeters and millimeters. The text 'BOSI TOOLS' and 'BS181360' is visible on the ruler.

A photograph of a disassembled mobile phone. The main circuit board is visible, featuring various components such as the CPU, memory, and camera module. The battery is also shown, along with other internal components like the speaker and microphone. A ruler is placed next to the phone for scale, indicating the size of the device. The text "BOSI TOOLS" and "ES181360" are visible on the ruler.
