

Internal Photos of EUT

A photograph of a green printed circuit board (PCB) with various electronic components. The board is irregularly shaped with several circular mounting holes. A large, square, yellow integrated circuit (IC) is mounted in the center. Numerous smaller components, including resistors, capacitors, and other ICs, are distributed across the board. The board is placed on a blue surface. A ruler is visible on the left side, showing measurements in inches (0 to 6) and centimeters (0 to 15). The ruler has "50 STAINLESS STEEL 100" printed on it. Another ruler is visible at the bottom, showing measurements in centimeters (0 to 100) and inches (0 to 4). The bottom ruler has "50 100 150" printed on it.
