

EmbraceMini FCC ID Placement

Date: 20 January 2026

FCC ID: 2AGGH-MINI

To whom it may concern:

The present declaration is prepared to support the positioning of the FCC ID of our product EmbraceMini. Given the limited dimensions of the device, it is impractical to label it with the required FCC ID with a font of at least four points. As such, we report the required FCC ID on the device box, which is always provided to the user.

Yours Sincerely,

Name: Alberto Poli

Title: Director, Quality & Regulatory Compliance

Company: *Alberto Poli*

Empatica S.r.l. - Via Enrico Stendhal, 36 - 20144 Milan, Italy

**EmbraceMini - Information Supplied by
the Manufacturer - Device Labeling,
including translations, device labels,
single unit packaging, sales packaging,
and transport packaging**

1. Introduction

This document contains evidence and information related to EmbraceMini and box labeling and packaging.

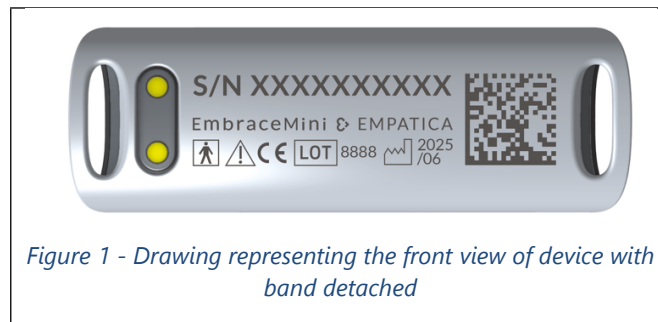

2. EmbraceMini

The device has specific labeling information directly printed (or engraved) and is packed within a box that is used to ship the product to Empatica's customers.

2.1. Device Labeling

On the back of the device, the following information is displayed:

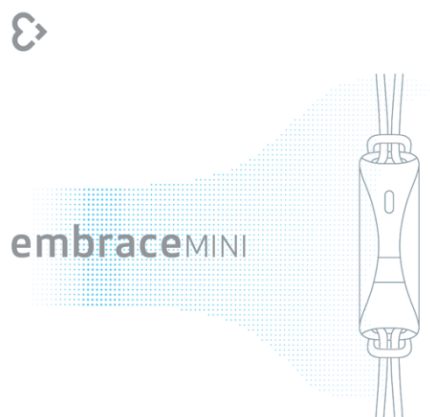

- **Product Name:** EmbraceMini
- **Manufacturer Name** Empatica
- **Device Serial Number:** S/N 3YM1T141JT (provided as an example only)
- **Precaution Symbol, Applied Parts type BF Symbol**
- **CE Mark**
- **Lot Number**
- **Manufacturing Date**
- **QR Code containing the FCC ID:** 2AGGH-MINI

2.2. EmbraceMini Single-Unit Package Labeling

EmbraceMini is packed within its shipping box at the end of the manufacturing process and after end-of-line tests are positively executed. This box contains the device and its charger.

The front of the box contains the clear identification of the product name

On the back of the box, the required regulatory information is present. In particular:
