

Letter of Declaration

We, Rollease Acmeda Inc, hereby declare the models below:
are identical in all materials, electrical and mechanical construction design, except the Inner motor (including motor speed and motor tube diameter, etc). We confirm that these variations do not affect the overall performance and functionality of the Motors. All models have the same 433.92MHz RF circuit. MT01-5325-069XXX and MT01-1325-069XXX have the fully same PCB. MT01-5325-069XXX and MT01-5325-331XXX have the same PCB except that MT01-5325-069XXX contains a certified BLE module, but MT01-5325-331XXX does not contain. MT01-5325-069XXX and MT01-5328-069XXX have the fully same RF circuit except that the non-RF circuit has minor differences. The table below outlines the key differences and similarities between the models:
