CONNECTED

WELCOME TO MULTIROOM HIFI

The Audio Pro Connected HiFi products lets you enjoy wireless multiroom sound that enables you to enjoy your favorite music anywhere and everywhere around your home.

By utilizing your existing home network and the Audio Pro app on your iOS or Android™ device, you can explore, browse, and play music from your own music library or from many online streaming music services.

In addition to easy wifi connection there is also Bluetooth wireless technology if you don't have a network. You can also connect your TV, turntable or cd-player by cable to enjoy all your music.

The legendary Audio Pro sound quality is included.

Your new speaker has Spotify Connect built in. You need a Spotify Premium subscription to take advantage of Spotify Connect. Spotify Connect lets you control the music playing on your device, using the Spotify app on your mobile, tablet or PC. Listening is seamless. You can take calls, play games, even switch your phone off – all without interrupting the music. Learn more at spotify.com/connect

KEY REQUIREMENTS

- **NETWORK:** Your network must have a high-speed internet connection, as the Audio Pro system is designed to utilise free, online software updates.

PLEASE NOTE:

Audio Pro speakers communicate via a 2.4GHz home network with support for 802.11 b/g/n wireless technology. 5GHz networks are not supported in an Audio Pro setup.

- **ROUTER:** High-speed DSL/cable modem, or fibre-to-the-home broadband connection for proper playback of internet-based music services.
Different routers provide different levels of performance. Please use a good wireless router to achieve the best possible performance.

CONNECTING TO THE WIFI NETWORK

YOU NEED THIS

Wireless router with internet connection.

iOS or Android device connected to your network.

Your wifi password.

! Character set UTF8 for password is supported. (Not åäö or special characters).

1. CONNECT TO POWER

! Place the speaker close to the router when carrying out the setup. You can subsequently view the signal strength in the app in order to test other positions.

2. DOWNLOAD THE APP

Search for "Audio Pro Control"

Launch the app and follow the instructions.

3. ADD A SPEAKER

APP OVERVIEW

GROUPING SPEAKERS

Press and hold down the speaker field while dragging it onto the other field in order to group. To ungroup, press and hold down the speaker field while dragging it under the dotted line.

- ! The speaker onto which you release the speaker field becomes the master speaker. Music will play on all speakers in a group. Their volumes can be adjusted separately. Up to 6 speakers can be combined in one group.

MAKING A PRESET

1. ON THE SPEAKER

Play content in the app.
Press preset button for approx.
3 s until sound is heard. Done.

2. IN THE APP

Tidal

Tune-in

Spotify

When in the app using the various services,
press the speaker icon. Choose preset number
and store content.

PLAYING FROM SPOTIFY

Listen out loud with Spotify Connect:

1. Connect your Audio Pro speaker to your wifi network
2. Open up the Spotify app on your phone, tablet or laptop using same wifi network.
3. Play a song and select Devices Available.
4. Select your Audio Pro speaker and start listening.

Spotify app launches

Play music

Choose your speaker.

Go back to the Audio Pro app.

! You need a Spotify Premium subscription to take advantage of Spotify Connect.

PLAYING FROM APPLE MUSIC USING AIRPLAY

Apple Music launches

On your iOS device, swipe up from the bottom of the screen to open the Control Centre. Tap AirPlay, and choose the speaker.

Go back to the Audio Pro app and manage your music.

! According to Apple regulations, you can only play music to one speaker at a time. Multiroom playback not possible with Airplay.

BLUETOOTH PAIRING

PLAYING FROM CONNECTED DEVICES

2.

USING ALEXA THROUGH THE APP

1. Press Amazon in source view.
2. Next, press and hold the Alexa button on the app while speaking to Alexa in your phone. When finished release the icon. You will hear an audible tone indicating Alexa has received the message and she will respond.

WIFI FAQ

MY SPEAKER WILL NOT CONNECT TO MY NETWORK

- Make sure your mobile device is connected to your wireless network before you try to connect your speaker.
- Place the speaker close to the router when carrying out the setup. You can subsequently view the signal strength for other positions in the app.
- Our speakers can only connect to a 2.4 GHz wireless network.

I GET THE MESSAGE “DEVICE CONNECTION FAILED”

- Move the speaker closer to the router.
- Make sure your mobile device is connected to the same network.
- Press the “Wi-Fi Connect” button on the rear of the speaker and press the “Add Speaker” icon in the app.

MUSIC CUTS OUT/STUTTERS OR EXPERIENCES DELAYS

- Make sure your internet connection is working correctly.
- Check for other devices in the network, they might be using a lot of bandwidth. Especially downloads or the streaming of high resolution video.
- Check the signal strength in the Audio Pro app; if the signal strength is low, move closer to the router.

1.8W-0.3W-3W

**WARNING**

Risk of electric shock
Do not open

AVIS

Risque de choc électrique
Ne pas ouvrir

SV: Den pilförsedda blixtsymbolen i en liksidig triangel är avsedd att varna användaren för förekomsten av osolerad "farlig spänning" innanför produktens hölje. Spänningen kan vara så hög att människor riskerar att utsättas för elektriska stötar.

EN: The lightning flash with arrowhead symbol, within an equilateral triangle, is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock to persons.

DE: Das Blitzsymbol mit Pfeilspitze im gleichseitigen Dreieck ist der Hinweis auf stromführende Teile im Geräteinneren, bei deren Berührung die Gefahr eines lebensgefährlichen Stromschlags droht.

NL: Het symbool met de bliksemschicht in een gelijkbenige driehoek is bedoeld om de gebruiker te waarschuwen voor de aanwezigheid van niet-geïsoleerde 'gevaarlijke spanning' in de behuizing van het product. Deze kan voldoende zijn om een elektrische schok bij personen te veroorzaken.

SV: Utopropstecknet i en liksidig triangel är avsett att uppmärksamma användaren på att det finns viktiga instruktioner för bruk och underhåll (service) i det referensmaterial som medföljer utrustningen.

EN: The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operating and maintenance (servicing) instructions in the literature accompanying the appliance.

DE: Das Ausrufezeichen im gleichseitigen Dreieck soll auf wichtige Bedienungs- und Wartungs-Hinweise in dieser Bedienungsanleitung aufmerksam machen.

NL: Het uitroepteken in een gelijkbenige driehoek is bedoeld om de gebruiker te waarschuwen voor de aanwezigheid van belangrijke bedienings- en onderhoudsinstructies in de documenten die bij het apparaat worden geleverd.

WARNING:

TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT EXPOSE THIS APPARATUS TO RAIN OR MOISTURE.

CAUTION:

TO REDUCE THE RISK OF ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK). NO USER-SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED SERVICE PERSONNEL.

IMPORTANT SAFETY INSTRUCTIONS

1. Read these instructions.
2. Keep these instructions.
3. Heed all warnings.
4. Follow all instructions.
5. Do not use this apparatus near water.
6. Clean only with dry cloth.
7. Operating temperature (°C) 5–40
Humidity (%) no condensation 30–90
8. Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
9. Minimum distances around the apparatus for sufficient ventilation, 10cm.
10. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.
11. Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
12. Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
13. Only use attachments/accessories specified by the manufacturer.
14. Unplug this apparatus during lightning storms or when unused for long periods of time.
15. Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power-supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

16. Damage Requiring Service

Unplug the apparatus from the wall outlet and refer servicing to qualified service personnel under the following conditions:

- A. When the power-supply cord or plug is damaged,
- B. If liquid has been spilled, or objects have fallen into the apparatus,
- C. If the apparatus has been exposed to rain or water,
- D. If the apparatus does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operating instructions as an improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the apparatus to its normal operation,
- E. If the apparatus has been dropped or damaged in any way, and
- F. When the apparatus exhibits a distinct change in performance this indicates a need for service.

17. Object and Liquid Entry

Never push objects of any kind into the apparatus through openings as they may touch dangerous voltage points or short-out parts that could result in a fire or electric shock. The apparatus shall not be exposed to dripping or splashing and no objects filled with liquids, such as vases shall be placed on the apparatus. No naked flame sources such as lighted candles etc., should never be placed on the apparatus.

18. Batteries

Always consider the environmental issues and follow local regulations when disposing of batteries.

19. The power supply and power cord for this apparatus is intended for indoor use only.

FCC

THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS:

- 1 - THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE.
- 2 - THIS DEVICE MUST ACCEPT INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRED OPERATION.

MODEL: AUDIO PRO A10. FCC ID: 2AGNC-A10. IC 20967-A10.

FCC WARNING

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with part 15 of the FCC Rules.

Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

FCC Radiation Exposure Statement:

The equipment complies with FCC Radiation exposure limits set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

IC

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- (1) l'appareil ne doit pas produire de brouillage, et
- (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
