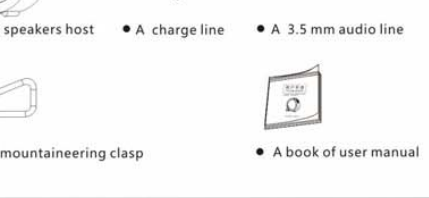
The host and accessories products

Your bluetooth speakers consists of the following standard accessories



Product features

- Support the AUX input play an external audio source.
- Support bluetooth wireless broadcast.
- Built-in lithium battery, support USB charging.
- Support bluetooth automatic back to even.
- Support a built-in microphone, hands-free calls function.

Technical parameters

The appearance parameters	
External interface	Micro USB interface
Product specifications	L86*W80*H46mm
Products containing	160g(including built-in lithium battery)
The basic parameters	
Sound box type	Portable bluetooth speakers
Channels system	Mono+low-frequency pressurization
Active/ passive	Active
Adjusting mode	Toggle switch+button
Battery capacity	800mAh
Charging voltage	DC5V-500mA USB power supply
Technical parameters	
The speaker unit	45mm All frequency speaker unit + 50mm low frequency radiation unit
Output power	5W 4Ω
Frequency response	20Hz-20KHz
Wireless connections	Bluetooch 2.1+EDR
Degree of distortion	<1%
SNR	>90dB

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device,pursuant to part 15 of FCC Rules.These limits are designed to provide reasonable protection against harmful interference in a residential installation.This equipment generates and can radiate radio frequency energy and if not installed and used in accordance with the instructions,may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation If this equipment does cause harmful interference to radio or television reception,which can be determined by turning the equipment off and on,the user is encouraged to try tocorrect theinterference by one or more of thefollowing measures:

--Reorient or relocate the receiving antenna.
--Increase the separation between the equipment and receiver.
--Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
--Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

Note:

The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. such modifications could void the user's authority to operate this equipment. Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
