

User guide for Remote Control

RC4782206/01RP and RC4782207/01RP

1. Know your Remote

RC4782206/01RP

1 Input Source		2 Power
3 NETFLIX	4 YouTube	
5 Prime video	6 Live TV	
7 Profile	8 Voice	9 Settings
	10 DPAD Up	
11 DPAD Left	14 DPAD OK	12 DPAD Right
	13 DPAD Down	
15 Back	16 Home	17 ROG
18 Volume Up		21 Channel Up
19 Volume Down	20 Mute	22 Channel Down

RC4782207/01RP

1 Input Source		2 Power
3 NETFLIX	4 YouTube	
5 Prime video	6 Free TV	
7 Profile	8 Voice	9 Settings
	10 DPAD Up	
11 DPAD Left	14 DPAD OK	12 DPAD Right
	13 DPAD Down	
15 Back	16 Home	17 ROG
18 Volume Up		21 Channel Up
19 Volume Down	20 Mute	22 Channel Down

2. How to pair your RCU with TV

- 1) Point the RCU at HOST and press the << Back+ Home>> simultaneously for 3 seconds. RCU starts undirected advertising packets for pairing. LED will provide a Manual Pairing blink.
- 2) If pairing is successful, LED will provide a Pairing Success blink.
- 3) If pairing is failed, LED will provide a Pairing Failure blink.
- 4) The discoverable mode timeout is 60s. In case no pairing is triggered during the timeout period, RCU stops pairing advertising. LED provides a Pairing Failure blink

3. Voice Function

RCU features a button to activate the Voice Search application to search for content by speaking through the remote's built-in microphone.

Follow Google Voice over BLE spec 1.0 supporting On Demand, HTT voice models.

Google Android-R GATT voice - for Host that runs Android-R (ATV11 voice spec. version 1.0).

4. Sleeping Mode

In order to conserve battery life, the RCU will enter deep sleep when no activity is active:

(all keys are released, BLE is not connected or advertising, IR is not sending, LED is not working), RCU is sleeping.

When RCU is sleeping, it consumes low power. Any key press will wake up RCU from sleeping and starting to execute corresponding key activity.

FCC ID:2AGOFRC478C

FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

FCC Caution:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC:24503-RC478C

IC Caution:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- (1) This device may not cause interference.
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

(1) Cet appareil ne doit pas causer d'interférences.

(2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Tout changement ou modification non expressément approuvé par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'équipement.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. L'appareil a été évalué pour répondre aux exigences générales en matière d'exposition aux RF. L'appareil peut être utilisé en condition d'exposition portable sans restriction.
