

Eden Collapsible Desk Charger IC ID: 21530-102462 FCC ID: 2AGR4-102462 Instruction Manual	Overview Specification Input: 5V/2.0A, 9V/2.0A Output: 10W(max) Charging frequency: 110.1-205.0 KHz Transmission distance: ≤5 mm Efficiency: ≥75% Product size: 129*68.6*13 mm	Operation 1. Plug the power adapter into the wall socket (adapter not included) 2. USB-A side connects to the power wall adapter, USB-C side connects to the wireless charger side, the LED light will illuminate blue which means the unit is ready to charge your device. 3. Place your device on to the charging stand, the LED light will change from blue to green which denotes the device is being charged. Note Only the QC2.0/QC3.0 Standard power adapter can support this product's fast charging. Adapters are not included with the product.	Indicating status and protection function 1. LED blue light: Standby 2. LED green light: Charging 3. Blue light flashing: Device is not correctly placed on the wireless charger, over temperature protection, or detects metal on the back of the device Packing Eden Collapsible Desk Charger USB-A to USB-C Type Charging Cable User Manual

FCC Statement This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: •Reorient or relocate the receiving antenna. •Increase the separation between the equipment and receiver. •Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. •Consult the dealer or an experienced radio/TV technician for help. Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.	• This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. • RF Exposure Information This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.	ISED Statement • English:This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada’s licence-exempt RSS(s). Operation is subject to the following two conditions: • (1) This device may not cause interference. • (2) This device must accept any interference, including interference that may cause undesired operation of the device. • The digital apparatus complies with Canadian CAN ICES-3 (B)/NMB-3(B). • French: Cet appareil contient des émetteurs/récepteurs exempts de licence qui sont conformes aux RSS exemptés de licence d'Innovation, Sciences et Développement économique Canada. • L'exploitation est soumise aux deux conditions suivantes : • (1) Cet appareil ne doit pas provoquer d'interférences. • (2) Cet appareil doit accepter toute interférence, y compris les interférences susceptibles de provoquer un fonctionnement indésirable de l'appareil.	l'appareil numérique du ciem conforme canadien peut - 3 (b) / nmb - 3 (b). This device meets the exemption from the routine evaluation limits in section 6.6 of RSS 102 and compliance with RSS 102 RF exposure, users can obtain Canadian information on RF exposure and compliance. cet appareil est conforme à l'exemption des limites d'évaluation courante dans la section 6.6 du cnr - 102 et conformité avec rss 102 de l'exposition aux rf, les utilisateurs peuvent obtenir des données canadiennes sur l'exposition aux champs rf et la conformité. This equipment complies with Canada radiation exposure limits set forth for an uncontrolled environment. Cet équipement est conforme aux limites d'exposition aux rayonnements du Canada établies pour un environnement non contrôlé. This equipment should be installed and operated with minimum distance 20cm between the radiator & your body. Cet équipement doit être installé et utilisé à une distance minimale de 20 cm entre le radiateur et votre corps.
