

# Appendix D

## Photographs

|                                          |
|------------------------------------------|
| 1. SAR measurement System                |
| 2. Photographs of Tissue Simulate Liquid |
| 3. Photographs of EUT test position      |
| 4. EUT Antenna Locations                 |
| 5. EUT Constructional Details            |

## 1. SAR measurement System

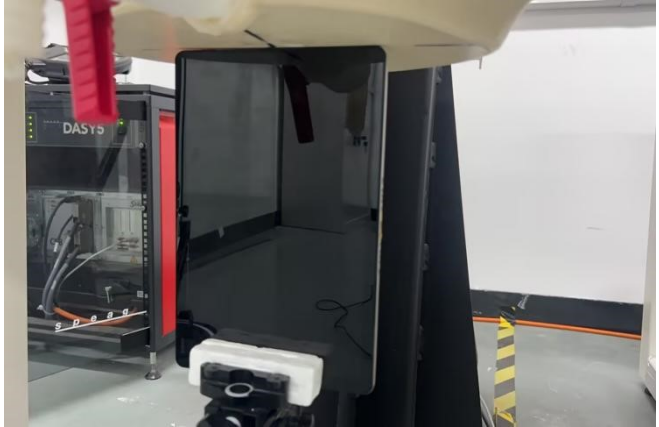

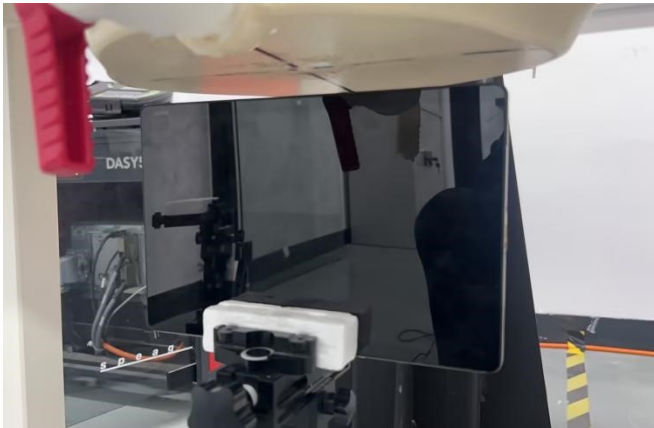

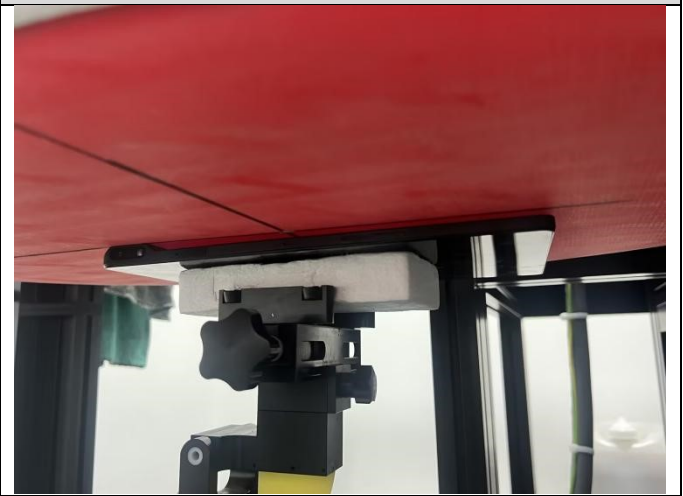

## 2. Photographs of Tissue Simulate Liquid

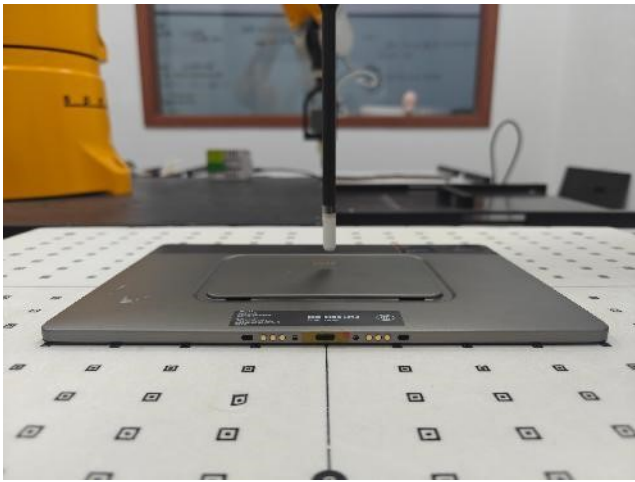

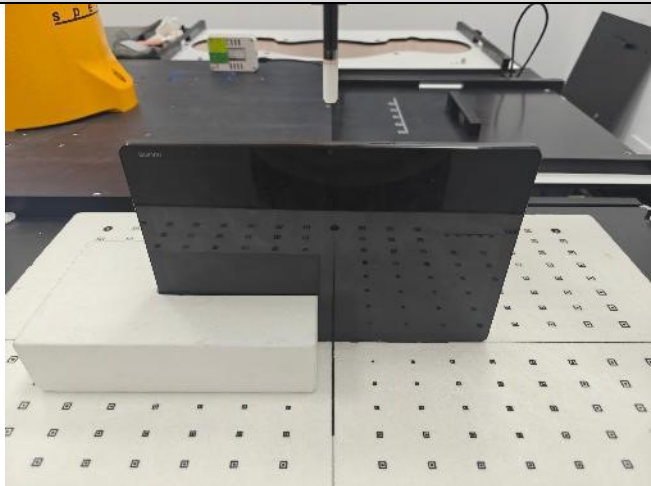

| Photo 1: Tissue Simulant Liquid for HBBL600-10000MHz                              | Photo 2: Tissue Simulant Liquid for HBBL13MHz                                      |
|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|
|  |  |

### 3. Photographs of EUT test position

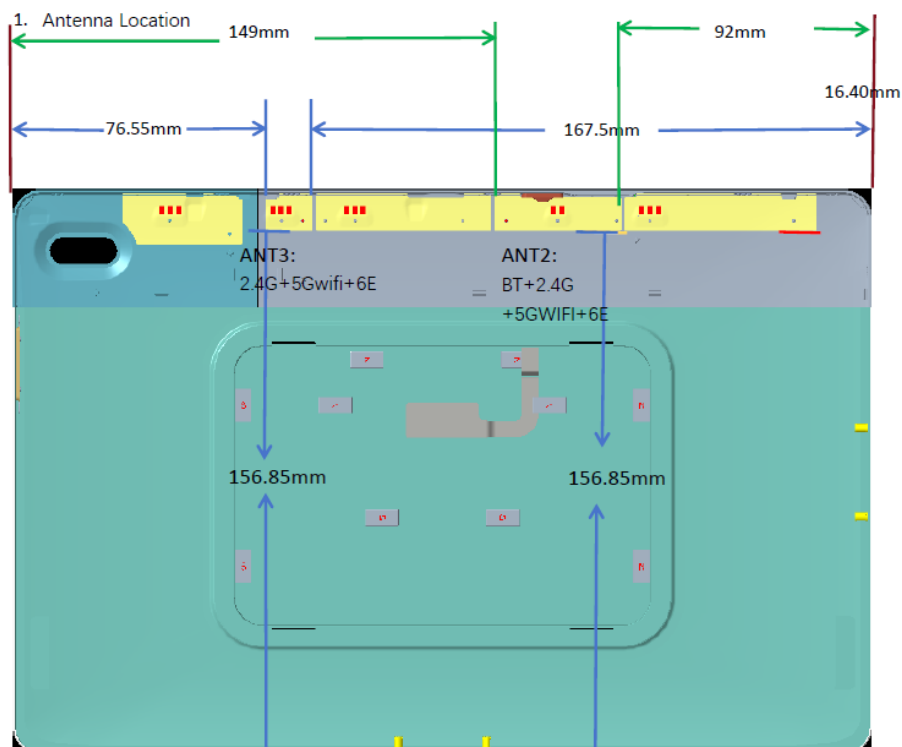

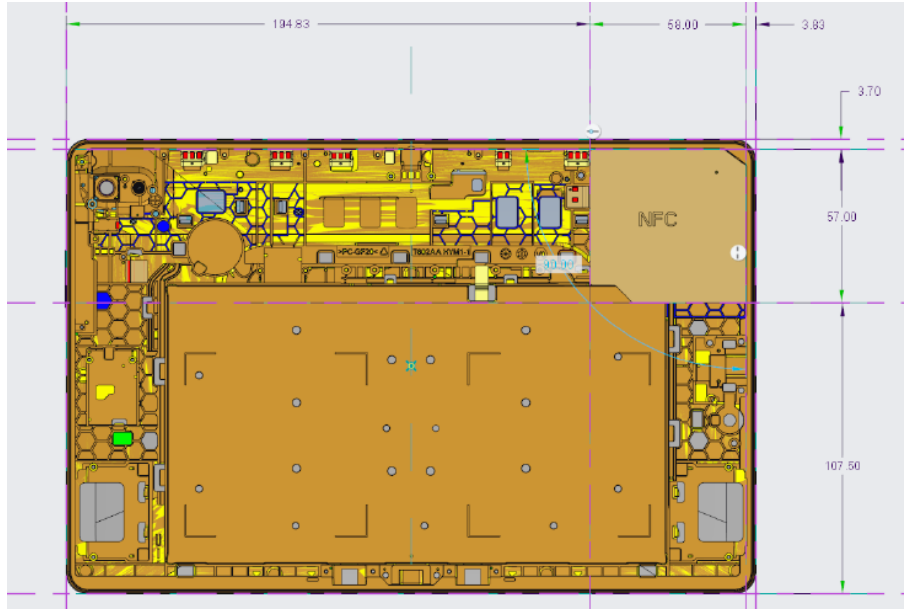

|                                                                                     |                                                                                      |
|-------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------|
| <p>Photo 3: Back side 0mm</p>                                                       | <p>Photo 4: Left side 0mm</p>                                                        |
|    |    |
| <p>Photo 5: Right side 0mm</p>                                                      | <p>Photo 6: Top side 0mm</p>                                                         |
|  |  |

|                                                                                                                   |                                                                                                                   |
|-------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------|
| <p>Photo 7: Bottom side 0mm</p>  | <p>Photo 8: Back side 18mm</p>  |
| <p>Photo 9: Top side 20mm</p>   | <p>NA</p> <p>NA</p>                                                                                               |

|                                                                                                                       |                                                                                                                           |
|-----------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|
| <p>Photo 10: NFC Front side 0mm</p>  | <p>Photo 11: NFC Back side 0mm</p>      |
| <p>Photo 12: NFC Left side 0mm</p>  | <p>Photo 13: NFC Right side 0mm</p>    |
| <p>Photo 14: NFC Top side 0mm</p>  | <p>Photo 15: NFC Bottom side 0mm</p>  |

|                                                                                                                    |                                                                                                                  |
|--------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
| <p>Photo 16: Back Side 2mm</p>    | <p>Photo 17: Top Side 2mm</p>  |
| <p>Photo 18: Top Side 9.3mm</p>  | <p>NA</p> <p>NA</p>                                                                                              |

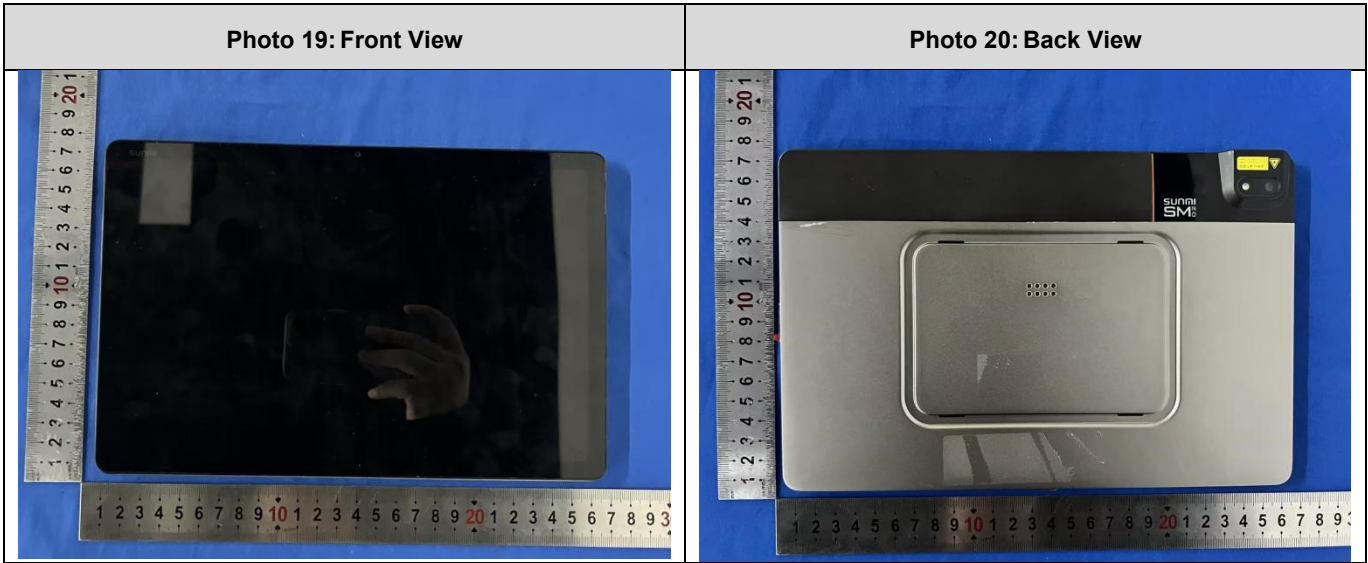

## 4. EUT Antenna Locations

|      |                                     |
|------|-------------------------------------|
| Ant  | Band:                               |
| Ant2 | WIFI2.4G,WIFI5G,WIFI6G<br>Bluetooth |
| Ant3 | WIFI2.4G<br>WIFI5G<br>WIFI6G        |
| Ant5 | NFC                                 |

### 5. EUT Constructional Details

- End of the Appendix -
