

Statement

NT320 is a product which supports BT/BLE/WIFI2.4G/WIFI5G/Halow, with an authenticated Halow module NSC1-00(FCC ID: 2AH25NSC100).

The Halow Module(NSC1-00) is installed in the host, which has no impact on the RF performance. Considering that the antenna is designed for the host, when the module is integrated into the host, we perform EMC tests on the host and re-test the RSE. Since the BT/BLE/WIFI2.4G/WIFI5G function is added to the whole machine, the BT/BLE/WIFI2.4G/WIFI5G of the whole machine is tested completely. Please refer to the corresponding laboratory test results.

Standard	Test Plan	Module Reference Report
Part 15C (BT/BLE/WIFI2.4G)	NEW	NA
Part 15E (WIFI5G)	NEW	NA
Part 15C (Halow)	Check RSE	SZCR231100354202
Part 2.1903	NEW	NA

Should you have any question or comment regarding this matter, Please have my best attention.
Sincerely yours
