PRODUCT CHARACTERISTICS

Cry baby is a vibrating egg which can be remotely controlled by means of a wireless remote control handset.

- Material: 100% ABS
- Vibration modes :10
- Range : 10 m
- Splashproof
- Batteries included.

INSTRUCTIONS FOR USE

1. Insert the LR23 12V battery in the remote control
 2. Insert the 2 LR03 AAA 1.5V batteries in the egg.
 3. Carefully close the casing, ensuring that the seal is in place and that your egg is fully watertight.
- Your Cry baby is now ready to be used.

RECOMMENDATIONS AND WARNINGS

- We recommend the use of lubricant.
- Do not use your vibrator on swollen areas or if you have small cuts. Stop using if you feel pain or discomfort.
- If, after a long period of use, the product gets hot, stop using it and leave to cool.

/!\ Pregnant women: we strongly recommend against using this product

CLEANING AND CARE

Your vibrator will last longer if you look after it.

- Clean it before and after each use with antibacterial cleaner.
- Do not use an alcohol-based, acetone-based or petrol-based cleaning product.
- Keep it away from dust, light and heat.
- Keep it away from toys made of other materials.
- Always remove the batteries from the egg casing and the remote control to avoid them losing their charge.

WARNING OF NON-LIABILITY

You use this product as an adult. We cannot be held responsible for the consequences of its use.

ENVIRONMENT

The symbol of a bin crossed out indicates that this product should not be disposed of as ordinary household waste. It should be taken to your electrical and electronic waste recycling centre. By disposing of this product correctly, you will be helping to protect the environment and human health.

WARRANTY

In compliance with European provisions, our products are guaranteed within the limits set by law.

This device complies with part 15 of the FCC Rules. Operation is subject to the condition that this device does not cause harmful interference (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
