

Solder Board-Component View 11	 A photograph of a green printed circuit board (PCB) component, labeled 'MD1060-barcode-V10' and '2022-06-15', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with its top edge aligned with the 0 mm mark on the ruler.
Solder Board-Component View 12	 A photograph of the same green PCB component, labeled 'MD1060-L070-module-V10' and '2022-05-23', mounted on a blue textured surface. The component is positioned next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100) and centimeters (0 to 10). The component is oriented vertically, with its top edge aligned with the 0 mm mark on the ruler.

Solder Board-Component View 13	 A photograph of a small green printed circuit board (PCB) component, likely a wireless module, placed on a blue textured surface. The component features a white label with the text "EP8-L01272C", "IEEE 802.11a", and "802.11b". It is surrounded by various electronic components and solder joints. A black ruler with white markings is positioned below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
Solder Board-Component View 14	 A photograph of the same green PCB component from a different angle, showing the underside. The component is placed on a blue textured surface. A black ruler with white markings is positioned below the component, showing measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).
