|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                             |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>Solder<br/>Board-Component View<br/>1</div> |  A photograph of a blue printed circuit board (PCB) with various electronic components. A large, rectangular, silver-colored component is mounted in the center. To the left, there is a smaller component with a barcode label. The board is placed on a blue textured surface, and a black ruler with white markings is visible along the top and left edges for scale. |
| <div>Solder<br/>Board-Component View<br/>2</div> |  A photograph of the same blue PCB from a different angle. The large, rectangular, silver-colored component is more prominent. The board is placed on a blue textured surface, and a black ruler with white markings is visible along the top and left edges for scale.                                                                                                  |

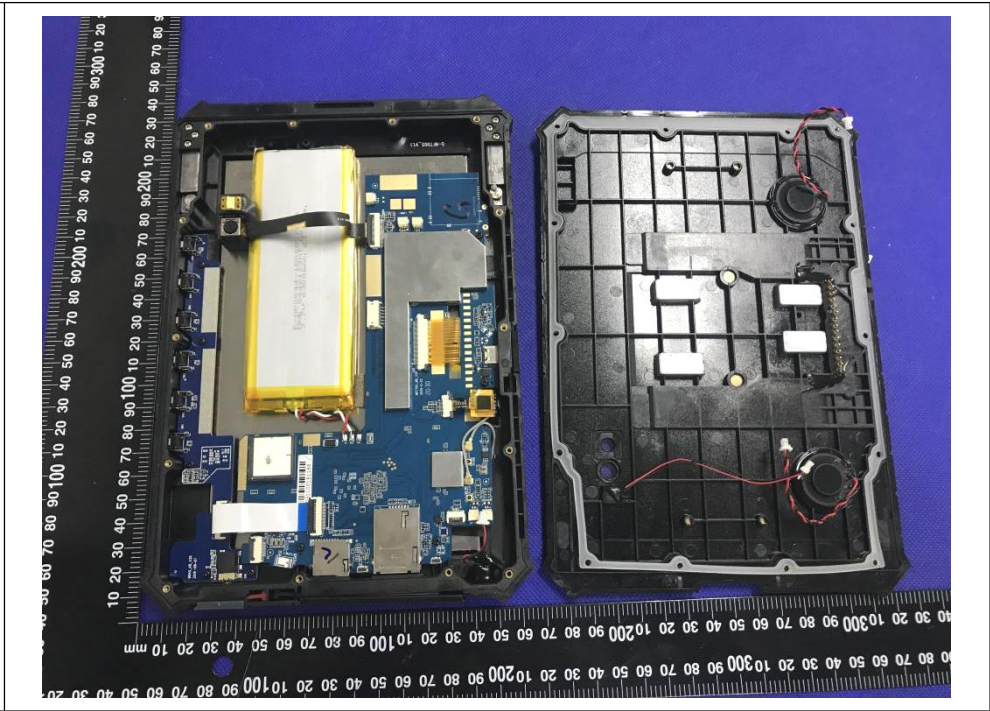

|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                     |
|--------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>Solder<br/>Board-Component View<br/>3</div> |  A photograph of a blue printed circuit board (PCB) with various electronic components, including a large central chip, several smaller chips, and connectors. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm).  |
| <div>Solder<br/>Board-Component View<br/>4</div> |  A photograph of a blue printed circuit board (PCB) with various electronic components, including a large central chip, several smaller chips, and connectors. The board is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). |

|                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
|--------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <div>Solder<br/>Board-Component View<br/>1</div> |  A photograph of a blue printed circuit board (PCB) with various electronic components, including a large silver capacitor, a black integrated circuit, and several smaller components. The board is placed on a blue background with a ruler for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). A handwritten number '6' is visible on the right side of the board.                           |
| <div>Solder<br/>Board-Component View<br/>2</div> |  A photograph of the same blue printed circuit board (PCB) as in View 1, but from a different angle. This view shows the underside of the board, revealing the solder joints and components on the reverse side. The board is placed on a blue background with a ruler for scale. The ruler shows measurements in millimeters (0 to 100 mm) and centimeters (0 to 10 cm). A handwritten number '6' is visible on the right side of the board. |
