

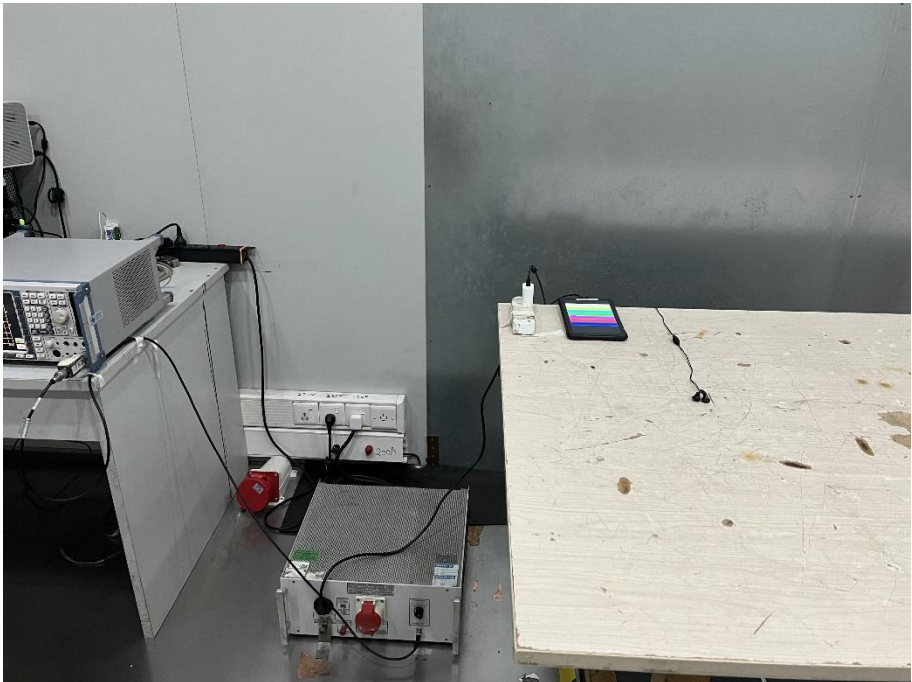

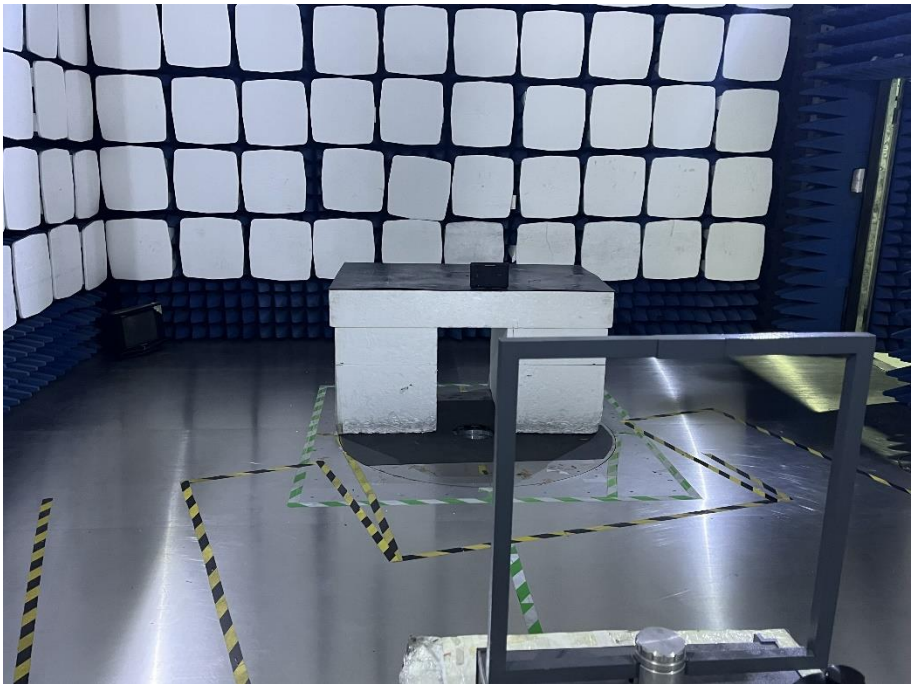

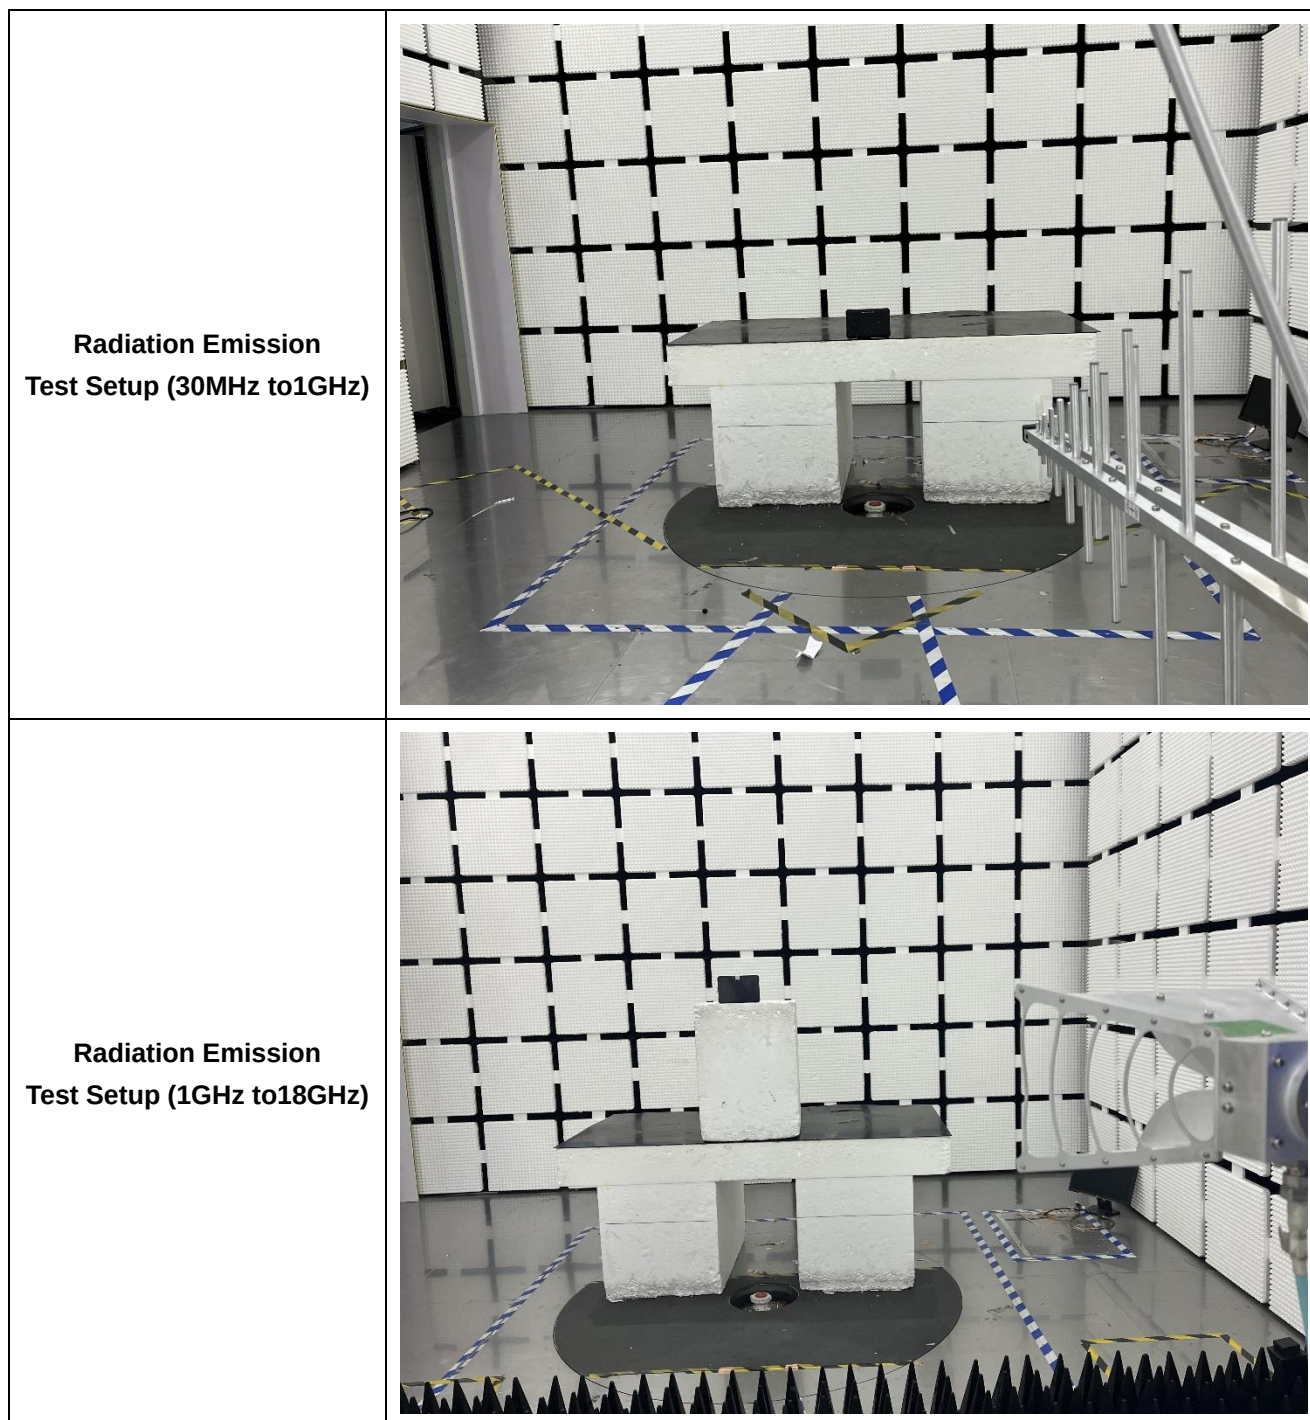

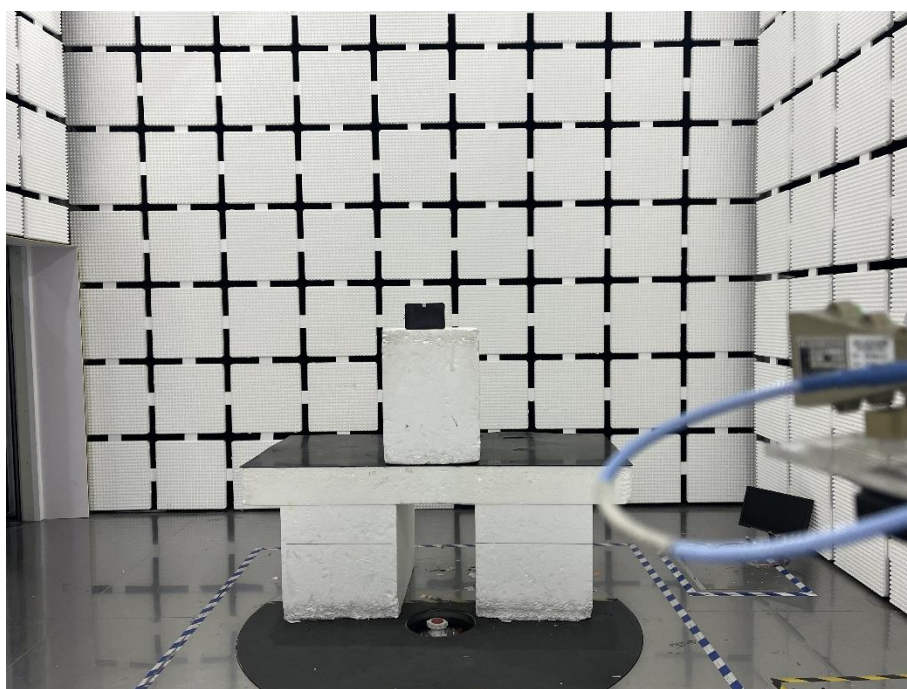

EXHIBIT 4 - TEST SETUP PHOTOGRAPHS

Conducted Emission Test Setup	 A photograph showing the setup for a conducted emission test. On the left, a piece of electronic equipment is connected to a power supply unit. A red power cord is visible. To the right, a wooden table holds a smartphone connected to a power source. A power strip with multiple outlets is visible in the background.
Radiation Emission Test Setup (Below 30MHz)	 A photograph of a radiation emission test chamber. The interior walls are lined with white, square-shaped electromagnetic interference (EMI) shields. A white, rectangular test fixture is positioned in the center of the chamber. The floor is marked with yellow and black diagonal stripes. A metal frame structure is visible in the foreground.

**Radiation Emission
Test Setup (Above18GHz)**

*** Means' only test and setup for PART 15C .**
