

Declaration Letter

We would like to declare that we cannot place the FCC ID, FCC Logo, IC ID, and Model Name information on conspicuous location or external part of the device because of the following reasons;

1. Device's dimension is 49 x 31 x 8 mm. Because of this space constraints or limitation, it is very difficult to place those information on the external part of the device
2. Since the device is portable product, placing the mentioned information will degrade the aesthetic outlook of the device.

Your consideration is highly appreciated.

Sincerely Yours,

Doug Bartlett / Chief Technology Officer
Revolar Inc
