

855.999.8041 | WWW.XTREMECABLES.COM

- Before initial use, be sure to fully charge power bank.
- To recharge the power bank, connect the battery using the micro USB power cable (included) to a computer, car or AC home charger.
- A Type-C cable (not included) may also be used to recharge the powerbank via the Type-C input port.
- Charging time of the power bank varies between 3 to 4 hours.
- While charging your power bank, the LED lights will begin to flash, indicating the level of charge:
 - 1 LED light flashing means 25% battery charging inside
 - 2 LED lights flashing means 50% battery charging inside
 - 3 LED lights flashing means 75% battery charging inside
 - 4 LED lights flashing means 100% battery charging inside.

After the power bank is fully charged, the LED lights will stop flashing and all 4 LED lights will remain on.

- Use your device's charge and sync cable (not included) to charge your device from the power bank. Plug the charge and sync cable into the power bank and press the power button to activate the power bank and begin charging your device.
- Please note that charging time varies by device.

WIRELESS CHARGING MODE

- To activate wireless charging mode, triple click the power button next to the LED indicators. Once activated the blue LED indicators will remain on. The power bank is now ready for wireless charging.
- Place your Qi compatible smartphone onto the power bank making sure its centered on the wireless icon. During wireless charging the blue LED indicators remain on.
- To deactivate wireless charging mode, double click the power button and the blue LED indicators will turn off indicating that wireless charging mode is off.

CAUTION:
Use this only as intended.

- To prevent fire or shock hazard, do not expose this unit to rain or moisture. Do not use within a meter of any water such as swimming pools, bathtubs, or sinks.
- Do not expose the batteries to excessive heat such as sunshine.
- To avoid electrical shock, do not disassemble. Refer servicing to qualified personnel.
- Never insert objects of any kind, other than authorized item into the product as they may touch dangerous voltage points or short out parts that could result in fire or electrical shock.
- Do not dispose of this product in fire. Refer to local country, state, and city guidelines for appropriate methods of battery disposal.
- This product contains small parts that may cause choking if swallowed. Not intended for use by children under 3 years of age.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
