SAFETY AND CARE

Read all the instructions before using the product and then store them future reference.

- Keep these instructions.
- Use the product with the provided power adapter only.
- Do not expose the product to heat sources or the sun.
- Do not dispose of in a fire or subject to temperatures above 150 degrees Fahrenheit.
- Keep the product away from corrosive chemicals, liquids, or other materials that could pose a risk of danger.
- Do not drop, puncture, or use if use if damaged or modified.
- Do not modify or try to use for a non-intended purpose.
- Do not attempt to repair the device or open the unit as this will void the warranty.
- Do not use the product in a strong magnetic field.
- Use a clean and soft cloth to clean. Do not use abrasive cleaning solvents to clean the unit.
- This is not a toy. Do not allow children to install the strip light.

CAUTION

The manufacturer is not liable for any damage that may occur during the installation or removal of this product. Physical damage to the product will void any warranty.

IMPORTANT: The LED light strips are IP65 waterproof and can withstand splashes and moisture. However, the controller is NOT waterproof and must be kept in a dry, protected location at all times.

Exposure to water, rain, or high humidity may cause malfunction, electric shock, or permanent damage to the controller.

Check your local regulations or consult with local authorities to ensure compliance with specific laws regarding vehicle lighting. Some regions have restrictions on colors, placement, or intensity of interior lights to maintain road safety standards.

INSTALLATION CARE

- Do not pull the strip or power supply wire hard during installation.
- Be cautious of static electricity during installation and usage.
- Avoid pressing on or bending the LED chips or other strip components when installing the lighting strip.
- When bending the strip lights during installation, avoid folding the LED components as it may affect the product's life span.
- Keep the product away from sharp objects.
- To avoid short circuit damage, remove nails, metal, or other conductive objects from the installation surface before attaching the light strip light.
- Do not light up the strip when it is rolled up. Fully unspool the strip before operation to avoid damage to the lighting or to other property.

FEATURES

- Includes 2 packs of 32.8ft strips (for a total of 65.6ft) of vibrant RGBIC LEDs to style your car
- Choose from various color-changing modes or single colors to create the perfect ambiance for every drive
- USB-powered for easy setup with compatible car chargers and USB ports
- Connect wirelessly to control colors, brightness, and effects with a simple app

SPECIFICATIONS

- Light Strip Length: 2x 32.8ft LED Strips
- Input Power: 5V/1A
- LED Count: 200
- USB Cord Length: 37.4in / 95cm

WHAT'S INSIDE

- 2x 32.8ft LED Strips
- User Manual

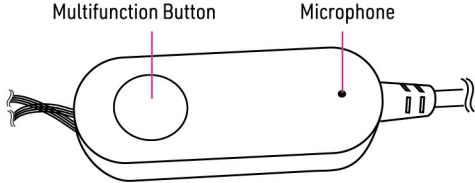

INSTALLATION

Determine where you will install the LED Strip. Make sure the location is close enough to a power source. There are 2 LED strips which connect at the center to make the full 100ft length. Each 50 foot section comes on a single spool. When unravelling the strip from a spool for mounting, keep the end connector close to where you will need to connect it to the power source. Connect the LEDs into a USB port.

OPERATION

NOTE: MAKE SURE YOUR BLUETOOTH IS ON.

Multifunction Button:
Single Press: Toggle red, blue, green, and all scenes.
Double Click: Power ON/OFF.
Press & Hold (5 sec): Green light will flash for pairing/re-pairing mode.

FOLD MANUAL AS SHOWN BY BLUE FOLDING LINES.
WHEN PACKING PLACE IT ON THE TOP OF THE VACUUM CLEANER

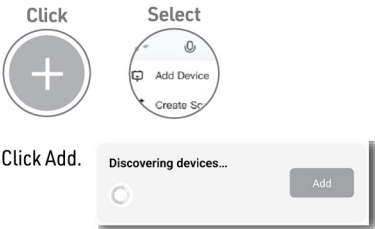

OUTSIDE PAGES

CONNECT TO BLUETOOTH®

Download the Xtreme Connected Simple Home app from the App Store (iOS) or the Google Play Store (Android).

Click "Sign Up" and follow the on-screen instructions to create an account and log in.
NOTE: Make sure you allow the app permission to access your Bluetooth when prompted (On Android, you will also have to allow permissions for Precise Location).
Make sure you have completed all steps from installation section.
NOTE: Please make sure your Bluetooth is on.
Click "+" in the top right corner and select "Add Device".

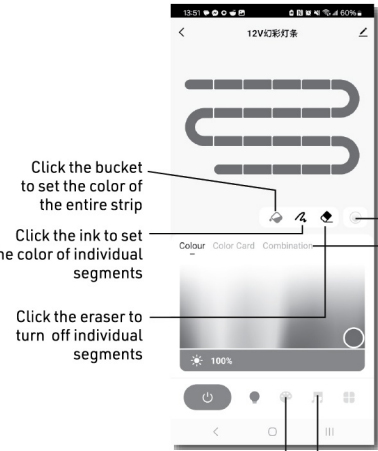

If you don't see this, first try unplugging the product from power and plugging it back in. If you still don't see the pop up, reset the product by holding down the button on the controller for 5-8 seconds. The product will fade once to red, letting you know it has been reset.

Your product will now be paired to your phone. As long as your Bluetooth is on when you have the app open, and you are within range (30ft), you will be able to control the product. You can rename the product now by clicking the Edit icon (you can also do this later in Device Settings).

APP CONTROL

In the Xtreme Connected Simple Home app, you can customize your experience by exploring all the coloring options, different dynamic scenes and music reactive modes.

Click the bucket to set the color of the entire strip
Click the ink to set the color of individual segments
Click the eraser to turn off individual segments
Click here to make the edges of the different colors segments blend together in a gradient
Click here for some preloaded still multi-color options
Click here for Dynamic Scenes that flow across the strip. Customize your own in DIY!
Click here for Music Reactive modes. Click the Play button to select a style and then keep your phone close to the music!

FCC STATEMENT

This device complies with Part 15 of the FCC Rules, operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator& your body.

ONE YEAR LIMITED WARRANTY

Xtreme warrants its products for ONE YEAR against defects in manufacturing under regular consumer use with original receipt of retail purchase.

We believe in our products and want to provide you with a replacement, if needed, but we have to know about the problem while the product is still under warranty. If you discover a defect covered by this warranty, please contact us about receiving a replacement. In order to use the products warranty the customer must provide proof of the retailers receipt.

*Any customers outside of the U.S. will be responsible for shipping and handling charges if a replacement is required that is not due to a manufacturing defect. If there is not a manufacturing defect, shipping and handling will be applied.

Xtreme's warranty is limited to our products only. Our warranty does not cover the replacement or repair cost of any third-party accessory, electronic device or personal property. For instructions about how to obtain warranty service for your product and for product support, please contact Customer Service at customerservice@xtremecables.com
