ONE YEAR WARRANTY

Xtreme warrants its products for one year against defects in manufacturing under regular consumer use with original receipt of retail purchase.

We believe in our products and want to provide you with a replacement, if needed, but we have to know about the problem while the product is still under warranty. If you discover a defect covered by this warranty, please contact us about receiving a replacement. In order to use the products warranty the customer must provide proof of the retailers receipt.

*Any customers outside of the U.S. will be responsible for shipping and handling charges if a replacement is required that is not due to a manufacturing defect. If there is not a manufacturing defect, shipping and handling will be applied.

Xtreme's warranty is limited to our products only. Our warranty does not cover the replacement or repair cost of any third-party accessory, electronic device or personal property.

For instructions about how to obtain warranty service for your product and for product support, please contact Customer Service at customerservice@xtremecables.com

SETUP WITH APPLE FIND MY APP

iPhone users can add your device to Find My app. The Find My app is a pre-installed app in the iOS system, requiring no separate installation. Note: Not for use with Android phones.

WHAT YOU NEED

- An iPhone, iPad, or iPod touch with iOS14.5 or iPadOS14.5 or later.
- Two-factor authentication turned on.
- Find My turned on.
- Bluetooth turned on.
- A strong Wi-Fi or cellular connection.
- Location Services of your iPhone must be turned on:
 - Go to Settings > Privacy > Location Services.
 - To use Precision Finding and see the most accurate location for your product, you will need to turn on Location Access for Find My.
 - Go to Settings > Privacy > Location Services, then scroll down and tap Find My. Check While Using the App / While Using the App or Widgets, then turn on Precision Location.

ADD YOUR LOCATOR TAG

- Open the Find My app, and select Add Item > Other Supported Item on the Items tab.
- Click the button on the device once to turn it on. The device will make a chime sound.
- The Find My app will detect the device, click Connect.
- Choose a name for your product, tap Continue and then choose an emoji, then tap Continue.
- To register your product with your Apple ID, tap Agree.
- Tap Done, now you can attach your product to anything and see it in the Find My app.

TROUBLESHOOTING

- If you cannot set up your product Link:
 - Confirm that your product is ready for set up by: Making sure your product is on by clicking the button once. The device should make a chime sound.
 - To Turn off, hold down the button for 3-5 seconds. After letting go. You will hear beeps confirming the device is turned off.
 - If you have multiple products to set up, make sure that only one is near your device at one time.
- If your product still will not connect to your device, try to reset it. (see below for how to reset).
- If you see a message that says your product is connected to another Apple ID:
 - Make sure you have already removed this product in the Find My app if you plan to use another Apple ID to add this device.
 - If you are adding this device for the first time and encounter this issue, please contact support to get help.

HOW TO USE WITH THE APPLE FIND MY APP

- For the most up to date instructions on how to use the Apple Find My app with your product, please check the official apple support website at support.apple.com
- RESETTING YOUR PRODUCT**
 - Remove the product from the Find My app.
 - Open Find My and select the "Items" tab.
 - Tap on your product from the list.
 - Make sure "Lost Mode" is disabled.
 - Scroll to the bottom of the screen and tap Remove item.
 - A summary will open, tap "Remove" to confirm.
- Factory Reset Your Item Locator:
 - After successfully removing the product from Find My app, press the products function button four times rapidly, and then hold it a fifth time until you hear a ringing chime.
 - Your product is now reset and ready to be paired to a new device.
