Permissive Change Request Letter

Date: August 15, 2026

Federal Communications Commission

Authorization and Evaluation Division

7435 Oakland Mills Rd

Columbia MD 21046-1609

Subject: Description of Permissive Change

To whom it may concern,

Pursuant to CFR 2.1043, Juniper Networks, Inc., hereby requests a Class II Permissive Change for the following project:

FCC ID: 2AHBN-AP66 (Original Grant Date: DTS, NII: 12/03/2025, C2PC: 06/26/2026 and 6SD: 05/22/2026)

This application is submitted as a Permissive Change for equipment classes 6SD, to add a new model number AP66E under the original certification.

1.) Addition of Antennas

This change includes the addition of Wi-Fi external patch antennas for model AP66E. All antennas comply with the applicable regulatory requirements.

2.) Software Security Mechanism

The software security mechanisms remain identical to those approved in the original application. No changes have been made that would affect compliance with FCC requirements.

3.) Hardware Design

There are no changes to the hardware design or to any RF-relevant components from the original application.

Except for the changes described above, all other aspects of the product remain unchanged and continue to comply with the original certification.

Sincerely yours,

Applicant : Juniper Networks, Inc.

Address : 1133 Innovation Way, Sunnyvale, California, 94089, United States

Signature : Josh Rosenthal

Name and Job Title : Josh Rosenthal, Hardware Engineering Director
