

DRIIFTER PRO

THE ART OF AUDIO

Important Safety Instructions

Please read the following safety instructions carefully before using this product. Please make sure to include these safety instructions with the product when deliver to a third party.

Health and safety

- Do not use the product in case it is apparently damaged;
- Do not use the product at a high volume level for an extended period of time;
- Do not use the product while driving or being engaged in activities that require full concentration;
- Keep the product, its packaging and accessories out of the reach of children and pets to avoid choking hazard;
- Keep the product away from medical devices that may be affected by magnetic field, such as an implanted cardiac pacemaker.

Product care

- Keep this product dry and at room temperature, avoid long time exposure to high temperature or humidity environments;
- Use accessories only provided by fiil;
- Excessive signal level may cause damaging overload;
- Clean the product only with dry and soft cloth.

Battery warning!

The product uses lithium polymer battery. Improper usage may lead to the risk of fire or burn. Please use the charger only supplied by qualified manufacturer (recommended output: voltage 5V, current > 500mA) or charge the product via PC USB port.

Specification and disclaimer

- The product is designed for portable devices and high fidelity systems;
- Any usage other than those specified in user manual is deemed as misuse;
- Please note that fiil will accept no responsibility for any loss incurred by inappropriate misuse.

Fiil Driifter Pro (Model: F011) is design by Fengfan (Beijing) Technology Co., Ltd. and made by Fengfan(Suzhou) Audio Tech. Co., Ltd.

“Made for iPod,” “Made for iPhone,” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards.

Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards. Please note that the use of this accessory with iPod, iPhone, or iPad may affect wireless performance.

iPad, iPhone, iPod, iPod classic, iPod nano, iPod touch, and Retina are trademarks of Apple Inc., registered in the U.S. and other countries. iPad Air, and iPad mini are trademarks of Apple Inc. Made for iPhone 6 plus, iPhone 6, iPhone 5s, iPhone 5c, iPhone 5, iPhone 4s, iPad Air 2, iPad mini 3, iPad Air, iPad mini 2, iPad mini, iPad (3rd and 4th generation), iPad 2, iPod touch (5th generation).

How to Wear

Please select the appropriate size of the eartips, earphones can be rotated forward to fit

Earphone Mode:
Please select an appropriate pair of ear tips

Magnet Mode:
Join earbuds: End call, stop playing music,
Separate earbuds: Answer call

Main User Interfaces

- ❶ Microphone
- ❷ Control box of left earphone
- ❸ Control box of right earphone
- ❹ ANC button
- ❺ MFB button
- ❻ Vol- button
- ❼ vol+ button
- ❽ Battery Indicator
- ❾ Micro USB connector

Bluetooth Mode

(Capable to connect with two Bluetooth devices simultaneously)

● STEP1Pairing

Brand new FIIL Driifter Pro earphone automatically goes into Bluetooth pairing mode once switched on (press and hold the MFB until the LED indicator lights green), the LED indicator will continue to blink blue. For paired earphone, press and hold the MFB until the LED indicator blinks blue when the earphone is off to force entering pairing mode.To pair with a second device, please press and hold MFB andVol- button simultaneously until the LED indicator blinks blue (voice prompts"Pairing") when earphone is on , or press and hold MFB button untill LED indicator blinks blue(voice prompts"Pairing") when earphone is off.

● STEP2 Connection

Fiil+ APP wizard connection: Please scan the QR code on page 7 to download fiil+ APP and connect as instructed;

Manual connection: Make sure earphone is in pairing mode ,the enter setup menu of audio source devices, select “search device” in “Bluetooth” then select “FIIL Driifter Pro ” in the device list to connect.

* The earphone is off when it is magnet mode

ANC Button

(Opening and closing the ANC function is available when the earphone is on)

Battery Indicator

- Plug in Charger to indicate battery level (goes off when fully charged)
- Short press the battery button to show
 - Blue Light 3X: >80% battery
 - Blue Light 2X: 30%~80% battery
 - Red Light 2X: 10%~30% battery
 - Red Light 3X: <10%
- Use fiil + APP (Bluetooth connected) to check remaining battery

FCC and IC COMPLIANCE STATEMENT

This device complies with Part 15 of the FCC Rules and Industry Canada License-exempt RSS standard(s).

Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules / with Canadian ICES-003. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception which can be determined by turning the radio or television off and on, the user is encouraged to try to correct interference by one or more of the following measures:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on another circuit.
4. Consult the dealer or an experienced radio/TV technician for help.

CAUTION STATEMENT

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

Conformément à la réglementation d'Industrie Canada, le présent émetteur radio peut fonctionner avec une antenne d'un type et d'un gain maximal (ou inférieur) approuvé pour l'émetteur par Industrie Canada. Dans le but de réduire les risques de brouillage radioélectrique à l'intention des autres utilisateurs, il faut choisir le type d'antenne et son gain de sorte que la puissance isotrope rayonnée équivalente (p.i.r.e.) ne dépasse pas l'intensité nécessaire à l'établissement d'une communication satisfaisante.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAUTION

Risk of explosion if battery is replaced by an incorrect type.

Dispose of used batteries according to the instructions.

To prevent possible hearing damage, do not listen at high volume levels for long periods.
