

REQUEST FOR Class II Permissive Change

A request for Class II Permissive Change must be indicated in item 12 of the 731 form and a letter making specific request for Class II Permissive Change must accompany the application as a separate exhibit.

Part 2.1043 describes the conditions for changes to equipment subject to certification. Electrically identical devices in different sized enclosures however, may be certified under the same FCC ID numbers.

§ 2.932 *Modification of equipment.*

(a) A new application for an equipment authorization shall be filed whenever there is a change in the design, circuitry or construction of an equipment or device for which an equipment authorization has been issued, except as provided in paragraphs (b) through (d) of this section.

(b) Permissive changes may be made in certificated equipment, and equipment that was authorized under the former type acceptance procedure, pursuant to §2.1043.

(c) Permissive changes may be made in equipment that was authorized under the former notification procedure without submittal of information to the Commission, unless the equipment is currently subject to authorization under the certification procedure. However, the grantee shall submit information documenting continued compliance with the pertinent requirements upon request.

(d) All requests for permissive changes submitted to the Commission must be accompanied by the anti-drug abuse certification required under §1.2002 of this chapter.

Please find below a sample letter for class II permissive change request.
