

FCC WARNINGS

- Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

ADDITIONAL WARNINGS

- WARNING: To prevent fire or shock hazards, do not expose this unit to rain or moisture.
- WARNING : Where the mains plug or appliance coupler is used as the disconnect device, such disconnect device shall remain readily operable.
- Lithium batteries, like all rechargeable batteries, are recyclable and should be recycled or disposed of according to state and local guidelines. They should never be disposed of in normal household waste and they should never be incinerated, as they might explode. Contact your local government for disposal or recycling practices in your area.
- WARNING: This product may contain chemicals known to the State of California to cause birth defects, or other reproductive harm (California Prop 65). Wash hands after handling.
- This product meets and complies with all Federal regulations.
- **To avoid hearing damage**, make sure that the volume on your music player is turned down before connecting your earbuds. After placing earbuds in/on your ears, gradually turn up the volume until you reach a comfortable listening level.

WARNING: This product can expose you to chemicals including lead, which is known to the State of California to cause cancer. For more information go to: www.P65Warnings.ca.gov

Wireless Stereo Headset
User's Guide for Model IAEP48-1969-01

Features

- Bluetooth wireless
- Wireless range: 33 feet
- Voice prompts announce earbud operations
- Built-in microphone
- Neckband controls
- Micro-USB port for battery recharge
- DC battery power: built-in rechargeable battery
- Battery life: approx. 4 hrs

Includes

- 3 pairs of eartips - small / medium / large
- Micro-USB to USB charging cable
- User's guide

Overview & Controls

Power / Pair / Play / Pause / Speakerphone

Press and hold for 8-9 sec. to power ON and begin pairing.

Press and hold for 5-6 sec. to power ON/OFF.

Press to play/pause audio or answer/end a phone call.

Charging the Battery

Initial charge time is approximately 2 hours. Charge fully before use. The low battery indicator will flash for 1 minute, then the unit will automatically power OFF.

1. Pull back the DC Input cover and, using a **Micro-USB to USB** cable (included), connect the DC Input to the USB port of a powered on computer or USB power adaptor (not included) to charge.

Power Status	Indicator Light
Power ON	Flashing blue light
Low Battery	Flashing red light
Charging	Solid Red light
Finished Charging	Solid Blue light

Pairing a Bluetooth Device

1. While the unit is OFF, press and hold the **Play/Pause/Speakerphone/Pair button for approximately 8-9 seconds** until the indicator light flashes red and blue. *When pairing, remain within 3 feet of the unit.*
2. Using the controls on your Bluetooth device, select **IAEP48** in your Bluetooth settings to pair. *If your device requests a password, enter the default password **0000**. Refer to the user's manual for your specific device for specific instructions on pairing to Bluetooth devices.*
3. When successfully paired, an audible chime will sound and the LED indicator will slowly flash blue. Audio from the connected Bluetooth device should now be heard through the earbuds, use the controls on the connected Bluetooth device to select and play audio.

After initial pairing, the unit will stay paired unless unpaired manually by the user or erased due to a reset of the device. Repeat these steps if your device should become unpaired or will not connect normally.

Bluetooth Status	Indicator Light
Pairing Bluetooth	Flashing red and blue lights
Successfully Paired	Slowly flashing blue light

Playing Audio Wirelessly

1. If the unit is OFF and has already been paired to a Bluetooth device, press and hold the **Power/Pair/Play/Pause/Speakerphone button for approximately 5-6 seconds**. The unit should automatically power ON and connect to your device. An audible chime will sound and the LED indicator will turn solid blue.
2. Use the controls on the connected Bluetooth device to select and play audio.
3. Use the controls on the unit or the connected Bluetooth device to play, pause, and adjust the volume level.

Using the Speakerphone

1. To accept a call, press the **Speakerphone** button or use the controls on the connected phone.
2. To end a call, press the **Speakerphone** button or use the controls on the connected phone.
3. To re-dial the last dialed number, press the **Speakerphone** button twice.
