

Permissive Change Class II request letter for FCC, USA

To whom it may concern,

Subject: Addition of model without GPS Module

We, Deeper, UAB, would like to add a variant on the grant with FCC ID: 2AHKO-PRO (Grant date 05/24/2016).

Reason for class II permissive change is a depopulated version without GPS Receiver

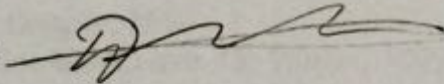

This modification is only concerned removing the GPS Receiver; neither circuit design nor main function and RF parameters has been changed.

Applicant: Deeper, UAB

Address: Sauletekio ave 15, Vilnius, 10224, Lithuania

Name and Job title: Donatas Malinauskas, CTO
