TROUBLESHOOTING
No audio in one earbud (Manual Reset)

1 Enter your Bluetooth device settings and forget the JBuds Air.

2 Open the charging case and keep the earbuds inside.

3 Quickly tap 3x on each earbud touch sensor. They will each **blink blue** then **power off**. Once both are off, close the charging case.

4 Wait 10 seconds and open the charging case. Wait for Left and Right to **blink blue/white**. You are now ready to pair to your Bluetooth device.

TROUBLESHOOTING
Bluetooth device does not connect/reconnect

1 Enter your Bluetooth device settings and forget the JBuds Air.

2 Turn OFF then ON Bluetooth.

3 Open the charging case and wait for Left and Right earbuds to **blink blue/white.**

4 Select "JLab JBuds Air" in devices settings to reconnect.

US Compliance
FCC Information

FCC ID: 2AHYV-JABJJ

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

EU Compliance
CE

PDAS LLC dba JLab Audio hereby declares that this device is in compliance with the essential requirements and other relevant provisions of the RED directive.

A copy of the EU Declaration of Conformity is available at jlabaudio.com/compliance

This symbol indicates that this product and/or battery should not be disposed of with household waste. When you decide to dispose of this product and/or its battery, do so in accordance with local environmental laws and guidelines.

Battery Caution & Disposal Information
Please take care of your battery. Do not: disassemble, burn, puncture, crush or bend your battery. Improper operation of the battery may product smoke. In such an event, ventilate the area. Extinguish any flames with carbon dioxide, dry-powder fire extinguisher, or cover with sand or mud. Take care to avoid conditions of excessive moisture for prolonged periods and do not immerse. Do not expose to temperatures above 50°C/122°F. Charge battery fully before storage or if stored for longer than three months.

Disposal
At the end of its life, please take care to dispose of this product responsibly. Electronic products and batteries contain materials that can be harmful to the environment. Please do not dispose to unsorted waste. Take your electronic waste to a designated collection or recycling facility to be recycled properly. Your local council authority will be able to tell you where your nearest facilities are. There may be one at your local supermarket.

JLab SIGNATURE
JLab C3™ signature sound with amplified vocals and bass

BALANCED
Even sound with no additional enhancements

BASS BOOST
Amplified bass and sub-bass

CHARGING EARBUDS
1 Match the corresponding L and R letters on the charging case for proper charging. The earbuds will auto power OFF and start charging.

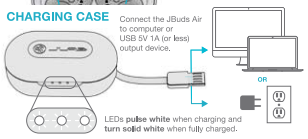

Blue lights will indicate earbuds are charging and will turn OFF when fully charged.

2 Earbuds will auto power ON and reconnect to your device once charging case is opened.

CHARGING CASE
Connect the JBuds Air to computer or USB 5V 1A (or less) output device.

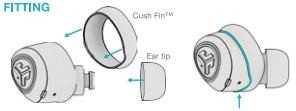

LEDs **pulse white** when charging and **turn solid white** when fully charged.

VOICE PROMPTS
"Ready to Pair": JBuds Air are ready to pair to Bluetooth device
"Bluetooth Connected": Earbud is connected to device

"Battery Full": 100-75%
"Battery Medium": 75-25%
"Low Battery": Less than 25% When power decreases to 10%, "Low Battery" will play

FITTING

Try all the optional Cush Fins and ear tips for best fit and proper seal.

The Cush Fin should be aligned by positioning the contour around the microphone hole.

QUICK TIPS
- Fully dry off the earbuds before putting in the charging case to avoid any damage to the case. The earbuds are sweat/water resistant but the case is not.
- Either earbud can connect to your device and be used independently. Simply take out the earbud from charging case and it will auto connect.
- Choosing the correct ear tip makes a significant improvement in audio quality due to proper seal for the driver. Try all ear tips for best results.
