MULTIPOINT (connect 2 devices simultaneously)

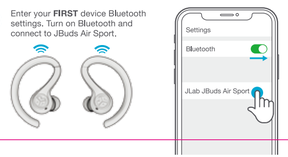

1 Once **FIRST** device is connected, turn off Bluetooth in device settings. JBuds Air Sport will auto enter Bluetooth Pairing.

2 Enter your **SECOND** device Bluetooth settings and connect to JBuds Air Sport.

3 Enter your **FIRST** device Bluetooth settings. Turn on Bluetooth and connect to JBuds Air Sport.

TROUBLESHOOTING: No audio in left earbud or earbuds disconnected from each other (Manual Reset)

1 Enter your Bluetooth device settings and forget the JBuds Air Sport. Fig A

2 Open the charging case door and leave both earbuds inside. Starting with ONE earbud, **quickly tap the touch sensor 7x times**. Light will **blink blue 4x times**. Leave the earbuds in the charging case. Fig C1

3 Repeat with the other earbud. **Quickly tap the touch sensor 7x times.** Light will **blink blue 4x times**. Fig C2

4 Take both earbuds out of the charging case and keep them within 2 inches from each other. Wait for one to turn **solid white** and the other to **blink blue/white**. You are now ready to pair to your Bluetooth device.

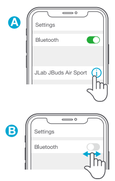

Bluetooth device does not connect/reconnect

1 Enter your Bluetooth device settings and forget the JBuds Air Sport. Fig A

2 Turn OFF then ON Bluetooth. Fig B

3 Take the earbuds out of the case. Wait for one to turn **solid white** and the other to **blink blue/white.**

4 Select "JLab JBuds Air Sport" in device settings to reconnect.

FCC Information

FCC ID: 2AHYV-JBSPORT3L
FCC ID: 2AHYV-JBSPORT3R

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

EU Compliance

"Bluetooth Connected": Earbud is connected to device

"Battery Full": 100-75%
"Battery Medium": 75-25%
"Low Battery": Less than 25% When power decreases to 10%, "Low Battery" will play
"Goodbye": Power OFF

FITTING

QUICK TIPS

- Fully dry off the earbuds before putting in the charging case.
- The left or right earbud can be used independently for music and phone calls. Simply choose one and take out of the case to connect.
- Choosing the correct ear tip makes a significant improvement in audio quality due to the proper seal for the driver. Test all ear tips for best results.
- Only ONE Bluetooth device can be connected at a time. Turn off Bluetooth on unwanted devices and turn on Bluetooth on chosen device to connect.
