8+ HOURS of PLAYTIME

BYOF (bring your own frames)

GOES with SMART ASSISTANTS

JBUDS FRAMES

WIRELESS AUDIO for YOUR GLASSES

ASSEMBLY

1 Locate the **L & R** on the back. If needed, add the **Rubber Sleeves** on hooks for narrow stem glasses.

Thin Frames: **ICON** facing out

Very Thin Frames: **LOGO** facing out

2 Slide the JBuds Frames on corresponding left and right stems of glasses.

The JBuds Frames should be positioned closest to the ear for best performance.

CONNECTING BLUETOOTH

1 Press and hold **BOTH** buttons 5+ seconds. One side will start blinking blue/white indicating ready to connect.

2 Enter your device settings and connect to "JLab JBuds Frames". Solid white lights will indicate you are connected.

BUTTON FUNCTIONS

INDICATOR LIGHT

LEFT BUTTON

VOLUME DOWN: Single press
SIRI (iOS) or "OK GOOGLE" (ANDROID): Double press
TRACK BACKWARD: Press & hold 1+ sec
EQ CHANGE: Triple press (Cycles JLab Signature/Bass Boost)
POWER ON / OFF: Press & hold 3+ sec (Button will power OFF both sides)

INDICATOR LIGHT

RIGHT BUTTON

VOLUME UP: Single press
PLAY / PAUSE: Double press
TRACK FORWARD: Press & hold 1+ sec
ANSWER: Single press
HANGUP: Double press
REJECT INCOMING CALLS: Press & hold 1+ sec
EQ CHANGE: Triple press (Cycles JLab Signature/Bass Boost)
POWER ON / OFF: Press & hold 3+ sec (Button will power OFF both sides)

ADDING NEW/ADDITIONAL BLUETOOTH DEVICES:

Turn **OFF Bluetooth** from any previously connected device. Turn **ON Bluetooth** from new device. Power **ON** the JBuds Frames and they will enter Bluetooth pairing after 10 seconds. Select "JLab JBuds Frames" in new device settings to connect.

EQ SETTINGS:

Voice prompts will indicate EQ settings.

JLab SIGNATURE
JLab C3™ signature sound with amplified vocals and bass

BASS BOOST
Amplified bass and sub-bass

CHARGING

Connect the JBuds Frames to computer or USB 5V 1A (or less) output device.

QUICK TIPS

- Position the JBuds Frames as close to your ears as possible. This will greatly improve the audio performance.
- You can use either JBuds Frames left or right independently or both together with Dual Connect to listen to music or take calls. Note you will only have access to the left or right controls if you're using only one.

TROUBLESHOOTING

No audio in one side or Bluetooth does not connect/reconnect (Manual Reset)

- Enter your Bluetooth device settings and forget the JLab JBuds Frames.
- When JBuds Frames are powered OFF, Press and hold both buttons 15+ sec. Frames will power ON then power OFF.
- Press and hold both buttons 3+ sec to power ON. JBuds Frames will start blinking blue/white indicating ready to connect. Enter device settings and reconnect.

US Compliance

FCC Information

FCC ID: 2A4YVFRAMES

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

If you cannot eliminate the interference, the FCC requires that you stop using your product. Changes or modifications not expressly by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1)

this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

IC: 21316-FRAMES CAN ICES-003(B)/NMB-003(B)

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

Radiation Exposure Statement: This equipment complies with ICES radiation exposure limits set forth for an uncontrolled environment. Changes or modifications not expressly approved by the party responsible for compliance could void your authority to operate the equipment.

Battery Caution & Disposal Information

Please take care of your battery. Do not; disassemble, burn, puncture, crush or bend your battery. Improper operation of the battery may produce smoke. In such an event, ventilate the area. Extinguish any flames with carbon dioxide, dry-powder fire extinguisher, or cover with sand or mud. Take care to avoid conditions of excessive moisture for prolonged periods and do not immerse. Do not expose to temperatures above 50°C/122°F. Charge battery fully before storage or if stored for longer than three months.

Disposal

At the end of its life, please take care to dispose of this product responsibly. Electronic products and batteries contain materials that can be harmful to the environment. Please do not dispose to unsorted waste. Take your electronic waste to a designated collection or recycling facility to be recycled properly. Your local council authority will be able to tell you where your nearest facilities are. There may be one at your local supermarket.

JLab can help you recycle. Learn more intl.jlab.com/recycle
