02 OVERVIEW

03 HOW TO WEAR

04 START UP AND BLUETOOTH CONNECTION

PAIRING RESET:
If the earbuds is having trouble pairing with other devices, please reset the earbuds. Start by deleting the pairing history from your device. Place the earbuds in the charging case and keep the cover open. Press and hold the button on the back of the charging case for 5 seconds until the indicator flashes white.

背面

05 HANDS-FREE PHONE CALL

Answer call: Click the touch area twice
End call: Click the touch area twice
Reject call: Press the touch area for 2s

06 AUDIO CONTROL

You can also customize the operation in the HAKII application

07 CAMERA REMOTE CONTROL

01. Enter pairing: Double click the button on the back of the charging case to enter the pairing state. When entering the pairing state, the LED display light of the charging case will blink green quickly.
02. Successful pairing: Select 'LINK CONTROL' in the device list to connect. When pairing is successful, the LED will be green for 1s.
03. Remote control camera: Enter the system camera or camera APP interface, position the phone, click the button on the back of the primary charging case to complete the photo. To record a video, enter the recording screen. Press the button once to start recording and again to stop recording. When the photo is taken successfully, the LED indicator of the filling bin will blink green once. If no operation is performed for three minutes, the connection is automatically disconnected.
Note: This function does not interfere with the use of the earbuds and can be used separately and independently.
For some mobile phone systems or camera software, please enable the "Allow photography through the volume button" function in the Settings.

08 CHARGING AND LED INDICATOR

01. Put the earphones in the charging case and close the case.
02. Connect to the power supply using the charging cable included with the package.
* Fully charged about 2 hours.

03. LED Indicator Guide
When charging, the LED indicator is as follows:

09 VOICE ACTIVATED COMMANDS

Download "HAKII" application in the app store of your phone to open the voice command control to use the function.

10 SPECIFICATION

Model: HAKII LINK
Wireless Version: 5.4
Waterproof: IPX5 (only earbuds)
Charging port: Type-C
Frequency response: 20 Hz - 20 KHz

Battery type: Lithium-ion polymer
Battery capacity: 50mAh*2, 400mAh (est)
Input: 5V=400mA
Working distance: 10m (barrier-free open environment)
Charging time: about 2 hours
FCC ID: 2A66-HAKII LINK

11 IMPORTANT SAFETY INSTRUCTIONS

Contains small parts which may be a choking hazard.
Not suitable for children under age 3.
This product contains magnetic material. Consult your physician on whether this might affect your implantable medical device.

- Do NOT make unauthorized alterations to this product.
- Use this product only with an agency approved power supply which meets local regulatory requirements (e.g., UL, CSA, VDE, CCC).
- Do not expose products containing batteries to excessive heat (e.g. from storage in direct sunlight, fire or the like).
- Wipe off sweat from the earbuds and the charging case before charging.
- IPX5 is not a permanent condition, and resistance might decrease as a result of normal wear.
- Do not immerse the product in water, and avoid prolonged exposure to wet conditions. Do not use it during activities like swimming, water skiing, surfing, or other water sports.
- In the event of accidental water exposure, promptly wipe the product and accessories dry, then allow them to air dry in a cool, ventilated area. Do not use or charge until completely dry.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by HAKII could void the user's authority to operate this equipment.

This device complies with part 15 of the FCC Rules and with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device complies with FCC and Industry Canada radiation exposure limits set forth for general population. It must not be co-located or be operating in conjunction with any other antennas or transmitters.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

CE HAKII hereby declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU and all other applicable EU directive requirements.

For Europe:
Frequency band of operation 2400 to 2483.5 MHz:
* Bluetooth: Maximum transmit power less than 20 dBm ERP
* Bluetooth Low Energy: Maximum power spectral density less than 10 dBm/MHz ERP
DON'T attempt to remove the rechargeable lithium-ion battery from this product. Contact your local HAKII retailer or other qualified professional for removal.

Please dispose of used batteries properly, following local regulations. Do not incinerate.

Recycling: This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling. Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.
