The image shows four printed circuit boards (PCBs) from a disassembled electronic device, likely a mobile phone. The boards are labeled with part numbers: C9681A, C9682, C9683, and C9684. Each board is populated with various electronic components, including capacitors, resistors, and integrated circuits. The boards are mounted on a larger green PCB. The components are densely packed on the boards, which are mounted on a larger green PCB. The boards are labeled with part numbers: C9681A, C9682, C9683, and C9684. The components are densely packed on the boards, which are mounted on a larger green PCB.
