ABOUT TOTWOO

TOTWOO was launched in Milan in 2015 as a smart jewelry brand that offers interactive emotional experiences. Today, TOTWOO has been the leader of smart jewelry brands in the world.

TOTWOO jewelry is not only a combination of stones and metals, but also unparalleled craftsmanship and smart technology. TOTWOO means "TO-TWO-O" which refers to connecting two people to each other. TOTWOO connects you with your loved ones in a smart and unique way.

TOTWOO reserves all rights of interpretation of this instruction for use.

1

QUICK START GUIDE

- 1 First, let's make sure your bracelet is charged or has a battery. Slightly touch your bracelet to wake it up. Connect it to the charger. When it stops blinking, you're ready to connect.

PS: Since it is forbidden to ship battery from abroad to some countries and regions, you may need to purchase new batteries in your area. The model of the battery is CR1225.

- 2 Download the TOTWOO app from Apple Store or Google Play. Follow the instructions to connect your jewelry with

2

the app. Make sure to turn on your location and Bluetooth. Otherwise, your device will not be able to pair with your jewelry.

- 3 Follow the instructions on the app to pair with your partner, if you have purchased a couple's jewelry. The smart jewelry only works when it's connected to the app and the app is running.

- 4 For Moment Selfie Remote Collection, you don't need to download the TOTWOO app. It will work after you connect the TOTWOO jewelry with the Bluetooth on your phone.

WARRANTY POLICY

All TOTWOO jewelry has been tested strictly to meet international standards and certifications.

TOTWOO Limited Warranty covers your products and accessories against manufacturing defects for a period of one year from the date of original purchase of the product.

Please keep your receipt for any warranty service. After the limited warranty has expired, we offer paid repair services.

Please note that accidental damages such as scratches, dents and broken pendants are not covered by warranty. Similarly, silver oxidation, which normally happens to silver products, is not covered by warranty.

FCC Information This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment .The device has been evaluated to meet general RF exposure requirement.	FAQs Q. Does the app need to be running in the background? A. Yes, the app needs to be running in the background. Follow the Instructions on Totwoo App • Click on the System Setting button • Follow the prompts If you need help setting up your device please contact us via email: support@totwoo.com 1	Q. Will the TOTWOO smart jewelry work if they are far apart? A. Yes, as long as the TOTWOO smart jewelry is correctly set up within the app with either Wifi or mobile connection, you’ll be able to connect with each other. No matter what the distance between the two of you is. 2	Q. Having connection problems with your app? If anyone is having a problem connecting, try turning your Location on and the Bluetooth at the same time. If you need more help: Go to TOTWOO App > Me > Help PS: The smart jewelry only works when it's connected with the app and the app is running. 3	Q.How far apart can I keep my TOTWOO smart jewelry and my phone? A. At this time our bracelets have approximately a 10 ft. or 1 meter range. If you wander off too far from your phone you will not be able to send or receive messages. Q. Can I go swimming or take a shower with my Totwoo? may wear and use your TOTWOO during exercise (exposure to sweat is OK), in the rain, and while washing your hands. However, submerging TOTWO isn't recommended. 4	Q. How long does the battery last? A. Depending on how frequently you use it. • Charging version: Around 1 hour to fully charge and it can last 48–72 hours • Button battery: 7–14 days PS: The button battery type is CR1225, you can purchase it online or from your local grocery store. 5
