User's Manual

Access Control Technology Limited has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public.

This components of this product have been sealed in Epoxy resin and therefore this request includes the Internal Photos, as public disclosure of this information might be harmful to the company and provide unjustified benefits to our competitors.

Sincerely,

By:

Engineer / Martin McNamara
