WALKIE TALKIES KIDS VOICE CHANGER

WALKIE TALKIES KIDS VOICE CHANGER

3 CHANGING VOICE
1 ORIGINAL VOICE

Use 4xAAA Alkaline Batteries.
(Not Included)

How to operate:

- Press switch to the ON position.
- Push TALK button and speak into the microphone.
- Release the TALK button so your friend can reply!

Handy Tips

Stay within range for optimal usage.
Voices will distort as you leave range.
Using the Walkie Talkies too close together will result in loud feedback. Always keep a minimum distance of 1 metre.
Low batteries will affect quality of voice transmission.
In poor weather and environment, the communication distance may be shortened.

Note: All controls, adjustments and switches that's instructed in the manual or follow up instruction provided by the manufacturer that may be operated or adjusted without resulting in a violation of FCC rules.

Warning: Any adjustment that could result in a violation of FCC rules and it's recommended that could be performed only by or under the immediate supervision and responsibility of a person certified as technically qualified to perform transmitter maintenance and repair duties in this radio service by an organization or committee representative of users of that service.

CAUTION: Changes or modifications (i.e., replacing any transmitter component (crystal, semiconductor, etc.) not expressly approved by the party responsible for compliance could void the user's authority to operate the product.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End user must follow the specific operating instructions for satisfying RF exposure compliance. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

The portable device is designed to meet the requirements for exposure to radio waves established by the Federal Communications Commission (FCC). These requirements are a SAR limit of 1.6 Watts/kg over one gram of tissue. The highest SAR value reported under the standard during product certification for use when properly worn on the body. During product certification for use when properly worn on the body and head of face with minimum distance 20cm.
