SMART HANDBAG

USER MANUAL

Compatibility

The VanDerWaals smart handbag is compatible with iPhone 5 and newer, and Android devices running Android 4.3 or above.

What's included

Smart handbag
VanDerWaals charging pad
Wall adapter

Getting Started

The VanDerWaals smart handbag is compatible with iPhone 5 and newer, and Android devices running Android 4.3 or above.

Before You Begin

Your Smart Handbag must be fully charged before the first use. Place the VanDerWaals charging pad onto the backside of your bag. Then connect the USB side of the VanDerWaals charging pad to the USB wall adapter.

Download and Install the VanDerWaals APP

Device pairing and setup requires the download of VanDerWaals APP from the APPLE iOS App Store or Google Play store. Once you have the app installed on your device, make sure you have the latest version installed.

Pairing with your device

Your Smart Handbag must be fully charged before the first use. Place the VanDerWaals charging pad onto the backside of your bag. Then connect the USB side of the VanDerWaals charging pad to the USB wall adapter.

Choose your color

Name your color racks based on occasion, mood, or your surroundings
Drag and move the color blocks to organize them according to your theme

Recharging

The green LED on the VanDerWaals charging pad light up as plugged into the wall charger

Move the charging pad close to the back of the handbag

The pad is automatically aligned to the handbag, and starts recharging

A blue LED light means fast recharging mode or a red LED light means stable charging mode

REGULATORY AND SAFETY NOTICES

USA: Federal Communications Commission (FCC) Statement Name:

Smart Handbag

Model: CCXXXXXXXXXX

FCC ID: 2AIOT-CC16B

This device complies with Part 15 of the FCC rules.

Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced technician for help. FCC Warning:
