COMPATIBILITY & ATTRIBUTION

Use of the “Made for Apple” badge means that an accessory has been designed to connect specifically to the Apple product(s) identified in the badge, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

Apple iPhone is a trademark of Apple Inc., registered in the US and other countries. The trademark “iPhone” is used in Japan with a license from Aiphone K.K.

The Android robot is reproduced or modified from work created and shared by Google and used according to terms described in the Creative Commons 3.0 Attribution License.

FCC DISCLOSURES

FCC ID: 2AIRN-005

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Changes or modifications to this device not expressly approved in this document may void the user’s authority to operate the device.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a

residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Learn more about [Minimum Device Requirements](#).

Use Restriction

This device is restricted to indoor use when operating in the 5150 to 5250 MHz frequency range.

Model number: 005

Frequency Information: Frequency range (MHz): 2400-2483.5, 2412-2472, 5150-5350, 5470-5725, 5725-5875

Highest EIRP power in the range (dBm): 12, 16, 16, 16, 16

Spectacles have been tested and meet the specified limits for radio frequency exposure. The limit is 2 watts per kg for countries that determine the limit averaged over 10 grams of tissue. The Specific Absorption Rate for each model can be found below.

Model 005: 0.712 W/kg

Your Spectacles are:

- Not for direct observation of the sun.
- Not for protection against artificial light sources e.g. Solaria.
- Not for use as eye protection against mechanical impact hazards
- Not suitable for driving in twilight or at night.

This symbol indicates that this product should be recycled or disposed of separate to household waste according to local laws and regulations, and taken to local collection points where available. This product has been designed for safe removal of the batteries at end-of-life by a waste treatment facility. Please recycle or dispose of the product at end-of-life in accordance with local requirements.
