Authorization

Here we agree that our customer, Shanghai TopXGun Robotics Co.,Ltd. and it's testing lab Shanghai Skylabs Co., Ltd. could quote the conducted test data of module with FCC ID: MCQ-XB900HP from following testing reports:

Test report serial No.: DIGI31-U1 Rev A

,which were published in FCC website, on their purpose that they could apply their 900Mhz Wireless Digital Radio (FCC ID: 2AIUJTXG900DL) which integrates module(FCC ID: MCQ-XB900HP) .

Sincerely

A handwritten signature in black ink, appearing to read "Scott McCall".
